Suzuki recommends the use of SAE 10W-40 engine oil. If SAE 10W-40 engine oil is not available, select an alternative according to the chart. Page 20 2)  
Upon reaching an odometer reading of 1 600 km (1 Suzuki recommends the use of SUZUKI COOLANT anti- 000 miles) you can subject the motorcycle to  
full freeze/engine coolant. If this is not ...

GSX-R1000 (2005-2006)

The first GSX-R was created in 1985 as a groundbreaking departure from the ponderous sportbikes of the day. That revolutionary motorcycle took a time-honored racing credo to heart: light is right. (And another one: It can never be too fast.) Never before had the performance and design of a race bike been so faithfully carried over to the street. In the seven generations since, Suzuki has remained true to the concept of the original GSX-R: to build the most serious, track-worthy sportbike. What's more, the company's engineers have been relentless in their pursuit to refine and improve the bike.

GSX-R600 (1997-2000)
