Volume I: The Twin Cam is the updated first volume of Petersen's long-awaited Donny's Unauthorized Technical Guide to Harley-Davidson, 1936 to Present series. This twelve-volume series by the dean of motorcycle technology examines the theory, design, and practical aspects of all things Harley-

Davidson.

Akayzia Adams, a feisty 12 year old girl from the East End of London, is at Old Winsome's Academy in the magical world called the Inner Lands. She and her friends are looking forward to a relaxed and happy summer term after their recent battle with the Masterdragon Thargrond. But the school mirrors keep doing odd things. And before long Akayzia is caught up in a tangled web of mystery being spun by the Shadowmaker, the Witch Haggritta and their helpers. The search for an answer takes her into three worlds of magic.
