Suspension is probably the most misunderstood aspect of motorcycle performance. This book, by America's premier suspension specialist, makes the art and science of suspension tuning accessible to professional and backyard motorcycle mechanics alike. Based on Paul Thede's wildly popular Race Tech Suspension Seminars, this step-by-step guide shows anyone how to make their bike, or their kid's, handle like a pro's. Thede gives a clear account of the three forces of suspension that you must understand to make accurate assessments of your suspension's condition. He outlines testing procedures that will help you gauge how well you're improving your suspension, along with your riding. And, if you're inclined to perfect your bike's handling, he even explains the black art of chassis geometry. Finally, step-by-step photos of suspension disassembly and assembly help you rebuild your forks and shocks for optimum performance. The book even provides detailed troubleshooting guides for dirt, street, and supermoto—promising a solution to virtually any handling problem.

How much of her soul is this Angel willing to give, to save the Demon she loves? Pryor is a fourteen-year old Angel with fiery red hair, quick temper and a "take charge" attitude; she leads a team of powerful Angels called "Noru". But when teammate and hottie, Aaden, breaks her heart; she runs away to New York City. There, Pryor hopes to create a drama free life. However, her hopes are dashed when on a quiet summer night, hundreds of humans, inexplicably climb up to the rooftops and leap to their death. Pryor discovers that a new evil has surfaced and is using mind control to put an end to humanity. Things get even worse when Pryor finds out the new evil is in fact a secret brother whose existence her parents kept from her. How can she be expected to kill the new evil when he's her own flesh and blood? And after having been lied to all her life, how can she ever hope to trust her parents again? She gathers her team—including Aaden—and tries to formulate a battle plan. Yet being around him makes everything far more complicated. Pryor questions if she has what it takes to tackle both evil and her love life. She also wonders why Aaden has gone from a kind Angel to a ruthless killer she barely recognizes. Can she defeat the most evil force the world has ever seen and save the Angel she loves? Or will she have to choose between her mission and her heart?
