subjects they become less familiar with environmental problems and solutions outside their area of expertise. This situation is compounded by the fact that many environmental science related terms are confusing. Prefixes such as bio-, enviro-, hydra-, and hydro- are used so frequently that it is often hard to tell the words apart. The Environmental Engineering Dictionary and Directory gives you a complete list of brand terms, brand names, and trademarks - right at your fingertips.

provided they are understood. Thousands of new and potentially confusing terms become part of the international vocabulary each year, while our communications are relayed to one another with increasing speed. PDAs link to PCs. The Net has grown into data central, shopping mall, and grocery store all rolled into one. E-mail is faster than snail mail, cell phones are faster yet - and it is all done 24/7. Longtime and widespread use of certain abbreviations, such as R.S.V.P., has made them better understood standing alone than spelled out. Certainly we are more comfortable saying DNA than deoxyribonucleic acid - but how many people today really remember what the initials stand for? The Abbreviations Dictionary, Tenth Edition gives you this and other

that reach the coast, as well as the San Blas Islands and Las Perlas. The Panama Guide, 2nd ed. contains 187 charts, an 8-page color section with Tom Zydler's photography of Panama, plus GPS waypoints, instructions for transiting the Panama Canal, lists of navigational aids, local services, customs regulations, recommendations for on-shore activities, and a detailed index. It will make the waters surrounding Panama more accessible to yachtsmen by clearly showing routes for safe navigation, anchorages, rules and regulations, and suggestions for polite interaction with the Panamanian people.
