Book Review: 'Andrew's Brain' by **E.L. Doctorow** | **Arts and**...

Andrew’s Brain is a surprising turn and a singular achievement in the canon of a writer whose prose has the power to create its own landscape, and whose great topic, in the words of Don DeLillo, is "the reach of American possibility, in which plain lives take on the cadences of history."

A deeply psychological tale by the award-winning author of Billy Bathgate recounts the experiences of Andrew, who confesses to an unknown recipient the memory- and truth-challenging events, loves and tragedies that have led him to a mysterious act.

This brilliant novel by an American master, the author of Ragtime, The Book of Daniel, Billy Bathgate, and The March, takes us on a radical trip into the mind of a man who, more than once in his life, has been the inadvertent agent of disaster. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY ST. LOUIS POST-DISPATCH, SLATE, AND THE TELEGRAPH Speaking from an unknown place and to an unknown interlocutor, Andrew is thinking, Andrew is talking, Andrew is telling the story of his life, his loves, and the tragedies that have led him to this place and point in time. And as he confesses, peeling back the layers of his strange story, we are led to question what we know about truth and memory, brain and mind, personality and fate, about one another and ourselves. Written with psychological depth and great lyrical precision, this suspenseful and groundbreaking novel delivers a voice for our times—funny, probing, skeptical, mischievous, profound. Andrew’s Brain is a surprising turn and a singular achievement in the canon of a writer whose prose has the power to create its own landscape, and whose great topic, in the words of Don DeLillo, is “the reach of American possibility, in which plain lives take on the cadences of history.” Praise for Andrew’s Brain “Too compelling to put down . . . fascinating, sometimes funny, often profound . . . Andrew is a provocatively interesting and even sympathetic character. . . . The novel seamlessly combines Doctorow’s remarkable prowess as a literary stylist with deep psychological storytelling pitting truth against delusion, memory and perception, consciousness and craziness. . . . [Doctorow] takes huge creative risks—the best kind.”—USA Today “Cunning [and] sly . . . This babbling Andrew is a casualty of his times, binding his wounds with thick wrappings of words, ideas, bits of story, whatever his spinning mind can unspool for him. One of the things that makes [Andrew] such a terrific comic creation is that he’s both maddeningly self-delusive and scarily self-aware: He’s a fool, but he’s no innocent.”—The New York Times Book Review “A tantalising tour de force . . . a journey worth taking . . . With exhilarating brio, the book plays off . . . two contrasting takes on mind and brain. . . . [Andrew’s Brain encompasses] an astonishing range of modes: vaudeville humour, tragic romance, philosophical speculation. . . . It fizzes with intellectual energy, verbal pyrotechnics and satiric flair.”—The Sunday Times (London) “Dramatic . . . cunning and beautiful . . . strange and oddly fascinating, this book: a musing, a conjecture, a frivolity, a deep interrogatory, a hymn.”—San Francisco Chronicle “Provocative . . . a story aswirl in a whirlpool of neuroscience, human relations, loss, guilt and recent American history . . . Doctorow reveals his mastery in the sheen of a text that is both window and mirror. Reading his work is akin to soaring in a glider. Buoyed by invisible breath, readers encounter stunning vistas stretching to horizons they’ve never imagined.”—The Plain Dealer “Andrew’s ruminations can be funny, and his descriptions gorgeous.”—Associated Press “[An] evocative, suspenseful novel about the deceptive nature of human consciousness.”—More “A quick and acutely intelligent read.”—Entertainment Weekly

This brilliant new novel by an American master, the author of Ragtime, The Book of Daniel, Billy Bathgate, and The March, takes us on a radical trip into the mind of a man who, more than once in his life, has been an inadvertent agent of disaster. A deeply psychological tale by the award-winning author of Billy Bathgate recounts the experiences of Andrew, who confesses to an unknown recipient the memory- and truth-challenging events, loves and tragedies that have led him to a mysterious act.

NEW YORK TIMES BESTSELLER With brilliant and audacious strokes, E. L. Doctorow creates a breathtaking collage of memories, events, visions, and provocative thought, all centered on an idea of the modern reality of God. At the heart of this stylistically daring tour de force is a detective story about a cross that vanishes from a rundown Episcopal church in lower Manhattan only to reappear on the roof of an Upper West Side synagogue. Intrigued by the mystery—and by the maverick rector and the young rabbi investigating the strange act of desecration—is a well-known novelist, whose capacious brain is a virtual repository for the ideas and disasters of the age. Daringly poised at the junction of the sacred and the profane, filled with the sights and sounds of New York, and encompassing a large cast of vividly drawn characters including theologians, scientists, Holocaust survivors, and war veterans, City of God is a monumental work of spiritual reflection, philosophy, and history by America’s preeminent novelist and chronicler of our time. Praise for City of God “A grander perspective on the universe . . . a novel that sets its sights on God.”—The Wall Street Journal “Dazzling . . . The true miracle of City of God is the way its disparate parts fuse into a consistently enthralling and suspenseful whole.”—Time “Blooms with humor, and a humanity that carries triumphant as intelligent a novel as one might hope to find these days.”—Los Angeles Times “Radiates [with] panoramic ambition and spiritual incandescence.”—Chicago Tribune “One of the greatest American novels of the past fifty years . . . Reading City of God restores one’s faith in literature.”—The Houston Chronicle From the Hardcover edition.

To open this book is to enter the perilous, thrilling world of Billy Bathgate, the brazen boy who is accepted into the inner circle of the notorious Dutch Schultz gang. Like an urban Tom Sawyer, Billy takes us along on his fateful adventures as he becomes good-luck charm, apprentice, and finally protégé to one of the great murdering gangsters of the Depression-era underworld in New York City. The luminous transformation of fact into fiction that is E. L. Doctorow’s trademark comes to triumphant fruition in Billy Bathgate, a peerless coming-of-age tale and one of Doctorow’s boldest and most beloved bestsellers.

The central figure of this novel is a young man whose parents were executed for conspiring to steal atomic secrets for Russia. His name is Daniel Isaacson, and as the story opens, his parents have been dead for many years. He has had a long time to adjust to their deaths. He has not adjusted. Out of the shambles of his childhood, he has constructed a new life—marriage to an adoring girl who gives him a son of his own, and a career in scholarship. It is a life that enrages him. In the silence of the library at Columbia University, where he is supposedly writing a Ph.D. dissertation, Daniel composes something quite different. It is a confession of his most intimate relationships—with his wife, his foster parents, and his kid sister Susan, whose own radicalism so reproaches him. It is a book of memories: riding a bus with his parents to the ill-fated Paul Robeson concert in Peekskill; watching the FBI take his father away; appearing with Susan at rallies protesting their parents’ innocence; visiting his mother and father in the Death House. It is a book of investigation: transcribing Daniel’s interviews with people who knew his parents, or who knew about them; and logging his strange researches and discoveries in the library stacks. It is a book of judgments of everyone involved in the case—lawyers, police, informers, friends, and the Isaacson family itself. It is a book rich in characters, from elderly grand- mothers of immigrant culture, to covert radicals of the McCarthy era, to hippie marchers on the Pen-tagon. It is a book that spans the quarter-century of American life since World War II. It is a book about the nature of Left politics in this country—its sacrificial rites, its peculiar cruelties, its humility, its bitterness. It is a book about some of the beautiful and terrible feelings of childhood. It is about the nature of guilt and innocence, and about the relations of people to nations. It is The Book of Daniel.

Union General William Tecumseh Sherman's devastating march through Georgia and the Carolinas during the final years of the Civil War has a profound impact on the outcome of the war, in a richly textured, evocative historical novel that captures the full experience of the diverse characters caught up in the struggle. Reader's Guide available. Reprint. 350,000 first printing.

Super Bowl champion and literacy crusader Malcolm Mitchell presents the story of a magician who reveals an awe-inspiring treasure from his bag of tricks -- books that make every kid's dream come true! This is not your typical afternoon at the library -- a magician invites kids to reach into his hat to pull out whatever they find when they dig down deep. Soon -- poof! -- each child comes away with something better than they could've imagined -- a book that helps them become whatever they want to be, and makes their dreams come true through pages and words, and the adventures that follow. But each child can't help but wonder, What's really making the magic happen? "Malcolm Mitchell is changing the world through the power of reading." -- Dav Pilkey, bestselling creator of the Dog Man and Captain Underpants series "The Magician's Hat will cast its spell on you!" -- Jeff Kinney, bestselling author of the Diary of a Wimpy Kid series

Selected by the Modern Library as one of the 100 best novels of all time Published in 1975, Ragtime changed our very concept of what a novel could be. An extraordinary tapestry, Ragtime captures the spirit of America in the era between the turn of the century and the First World War. The story opens in 1906 in New Rochelle, New York, at the home of an affluent American family. One lazy Sunday afternoon, the famous escape artist Harry Houdini swerves his car into a telephone pole outside their house. And almost magically, the line between fantasy and historical fact, between real and imaginary characters, disappears. Henry Ford, Emma Goldman, J. P. Morgan, Evelyn Nesbit, Sigmund Freud, and Emiliano Zapata slip in and out of the tale, crossing paths with Doctorow's imagined family and other fictional characters, including an immigrant peddler and a ragtime musician from Harlem whose insistence on a point of justice drives him to revolutionary violence.
