Chapter-by-chapter resources for the student, including learning objective outlines, fill-in-the-blank chapter outlines, key terms, and extensive opportunities for self-quizzing.

As the world grows increasingly interconnected, data communications has become a critical aspect of business operations. Wireless and mobile technology allows us to seamlessly transition from work to play and back again, and the Internet of things has brought our appliances, vehicles, and homes into the network; as life increasingly takes place online, businesses recognize the opportunity for a competitive advantage. Today's networking professionals have become central to nearly every aspect of business, and this book provides the essential foundation needed to build and manage the scalable, mobile, secure networks these businesses require. Although the technologies evolve rapidly, the underlying concepts are more constant. This book combines the foundational concepts with practical exercises to provide a well-grounded approach to networking in business today. Key management and technical issues are highlighted and discussed in the context of real-world applications, and hands-on exercises reinforce critical concepts while providing insight into day-to-day operations. Detailed technical descriptions reveal the tradeoffs not presented in product summaries, building the analytical capacity

needed to understand, evaluate, and compare current and future technologies.

THE MARRIAGE AND FAMILY EXPERIENCE is an engaging, student friendly, four-color Marriage and Family best seller. The text's up-to-date material, real-life cross-cultural examples, and balanced presentation make it an accessible and compelling read for the Marriage and Family student. It successfully bridges all elements of the course, including intimate relationships, family policy, and family issues. The combination of the strengths fosters consistent positive student reaction and feedback.

A longtime favorite with millions of readers, **LOOKING OUT, LOOKING IN, 15th Edition** maintains its market-leading tradition of linking the latest research and theory to learners' everyday lives. Its accessible approach motivates readers to learn and apply communication principles in both personal relationships and on the job. Expanded emphasis on social media includes an all-new chapter devoted to the role of mediated communication in interpersonal relationships as well as integrated coverage throughout the book. In addition, diverse examples, new readings, compelling cartoons, lively photos, and popular culture references bring principles to life. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

THE MARRIAGE & FAMILY EXPERIENCE: INTIMATE RELATIONSHIPS IN A CHANGING SOCIETY brings together all elements of the course -- including intimate relationships, family policy, and family issues. Striking a balance between an academic and more functional approach, the authors draw from research to present a sound sociological and family studies base enhanced by perspectives from anthropology, history, psychology, journalism, literature, economics, and gender studies. The book explores recent

research on topics such as adoptive parenting, the transgender experience, childbearing patterns, gay and lesbian families, communication and conflict resolution, the influence of popular culture, and working families. Real-life examples and a focus on self-assessment and reflection make the book accessible and encourage students to think and act for themselves. The thirteenth edition retains a progressive approach to diversity yet remains rooted in a positive, pro-family perspective. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Get the skills you need to read and speak English with confidence! Learn how to read and speak English with this easy-to-use workbook. Dozens of manageable, bite-sized lessons take you through the basics of the English language. Three-page units cover each subject, which can be completed in just 20 minutes. Each lesson covers a single grammar concept and is supported by many clear examples. The book includes tons of exercises help you practice your new language skills. parents, most of us see the role of child services as the prevention of severe physical abuse. But as Tina Lee shows in *Catching a Case*, most child welfare cases revolve around often ill-founded charges of neglect, and the parents swept into the system are generally struggling but loving, fighting to raise their children in the face of crushing poverty, violent crime, poor housing, lack of childcare, and failing schools. Lee explored the child welfare system in New York City, observing family courts, interviewing parents and following them through the system, asking caseworkers for descriptions of their work and their decision-making processes, and discussing cases with attorneys on all sides. What she discovered about the system is troubling. Lee reveals that, in the face of draconian budget cuts and a political climate that blames the poor for their own poverty, child welfare practices have become punitive, focused on removing children from their families and on parental compliance with rules. Rather than provide needed help for families, case workers often hold parents to standards almost impossible for working-class and poor parents to meet. For instance, parents can be accused of neglect for providing inadequate childcare or housing even when they cannot afford anything better. In many cases, child welfare exacerbates family problems and sometimes drives parents further into poverty while the family court system does little to protect their rights. *Catching a Case* is a much-needed wake-up call to improve the child welfare system, and to offer more comprehensive social services that will allow all children to thrive.

This text is an unbound, binder-ready edition. For nearly four decades, *Abnormal Psychology* has been a trusted resource for instructors and students. Known for its comprehensive coverage of current research, theory and treatment, *Abnormal Psychology* has long been praised for its multiple paradigm approach and coverage of cutting-edge research and theory which are central to the discipline. The 12th Edition boasts a number of updated references throughout the text, with new clinical cases and figures. New
