what we see in society, we will likely see in sport, including body image issues.

Unfortunately, those issues tend to be more complex and conflicted for athletes, especially female athletes, than for the general population. Athletes have the same risk factors as non-athletes, but they also have risk factors unique to the sport environment or to a particular sport (Thompson & Sherman, 2010).

Triumphant wins, gut-wrenching losses, last-second shots, underdogs, competition, and loyalty—it's fun to be a fan. But when a football player takes a hit to the head after yet another study has warned of the dangers of CTE, or when a team whose mascot was born in an era of racism and bigotry takes the field, or when a relief pitcher accused of domestic violence saves the game, how is one to cheer? Welcome to the club for sports fans who care too much. In *Loving Sports When They Don't Love You Back*, acclaimed sports writers Jessica Luther and Kavitha A. Davidson tackle the most pressing issues in sports, why they

matter, and how we can do better. For the authors, “sticking to sports” is not an option—not when our taxes are paying for the stadiums, and college athletes aren’t getting paid at all. But simply quitting a favorite team won’t change corrupt and deplorable practices, and the root causes of many of these problems are endemic in our wider society. An essential read for modern fans, *Loving Sports When They Don’t Love You Back* challenges the status quo and explores how we might begin to reconcile our conscience with our fandom.
