"A beautiful new edition of Civil Elegies, this is Dennis Lee's uncompromising exploration of citizenship, both Canadian and human. Eli Mandel has called Civil Elegies "one of the most important contemporary books of poetry in our country.""

Dennis Lee's Civil Elegies remains one of the most potent long poems devoted to the nature of Canadian identity. Lee wanted us to realize that the cadence of our speaking and reading is politically charged. However, the rational problems that he raised also drove him crazy. Civil Elegies stands as one of the most disturbed and manic poems about Canada ever written. Its narrator is completely falling apart. The Cadence of Civil Elegies marks the launch of the Cormorant monograph series, which brings unique perspectives to Canadian literary works from the country's leading academics, writers, and critical thinkers.

Transnational Canadas marks the first sustained inquiry into the relationship between globalization and Canadian literature written in English. Tracking developments in the literature and its study from the centennial period to the present, it shows how current work in transnational studies can provide new insights for researchers and students. Arguing first that the dichotomy of Canadian nationalism and globalization is no longer valid in today's economic climate, Transnational Canadas explores the legacy of leftist nationalism in Canadian literature. It examines the interventions of multicultural writing in the 1980s and 1990s, investigating the cultural politics of the period and how they increasingly became part of Canada's state structure. Under globalization, the book concludes, we need to understand new forms of subjectivity and mobility as sites for cultural politics and look beyond received notions of belonging and being. An original contribution to the study of Canadian literature, Transnational Canadas seeks to invigorate discussion by challenging students and researchers to understand the national and the global simultaneously, to look at the politics of identity beyond the rubric of multiculturalism, and to rethink the slippery notion of the political for the contemporary era.

A series of essays on Canadian authors profiling the writers work, providing insight into themes, and giving a chronology of the authors life.

A slice of Alligator Pie-sized for little ones! One of the best loved Canadian poems of all time, "Alligator Pie" established Dennis Lee's reputation as "Canada's Father Goose" when it appeared in his classic poetry collection of the same name in 1974. Now Lee's timeless rhyme is paired with striking artwork by Sandy Nichols, winner of a nationwide competition to find the perfect illustrator for the iconic poem. This fun-filled e-edition is a must-have for every baby and preschooler's library. "You can almost hear the skipping ropes slapping on the sidewalk." --Margaret Laurence

In the mid-twentieth century, Canadian literature transformed from a largely ignored trickle of books into an enormous cultural phenomenon that produced Margaret Atwood, Alice Munro, Michael Ondaatje, Mordecai Richler, and so many others. In Arrival, acclaimed writer and critic Nick Mount answers the question: What caused the CanLit Boom? Written with wit and panache, Arrival tells the story of Canada's literary awakening. Interwoven with Mount's vivid tale are enlightening mini-biographies of the people who made it happen, from superstars Leonard Cohen and Marie-Claire Blais to lesser-known lights like the troubled and impassioned Harold Sonny Ladoo. The full range of Canada's literary boom is here: the underground exploits of the blew ointment and Tish gangs; revolutionary critical forays by highbrow academics; the blunt-force trauma of our plain-spoken backwoods poetry; and the urgent political writing that erupted from the turmoil in Quebec. Published to coincide with the 150th anniversary of Canadian Confederation, Arrival is a dazzling, variegated, and inspired piece of writing that helps explain how we got from there to here.

Body Music reveals the remarkable depth and range of Dennis Lee as a poet and thinker. In eleven ground-breaking essays, Lee explores the experience of body music: the dance of energy from which poems arise. Whether he is discussing rhythm as a form of cosmology, examining children's verse, or probing what it means to worship without belief, his explorations constantly fascinate and entertain. At a time when literary theory can be highly abstract, Body Music is anchored in a writer's working experience. It opens up dramatic new ways to think about words and the world.

Among the poets new to this edition are such leading names as Americans Robert Pinsky, Louise Erdrich and Louise Glück; Britons James Fenton and Carol Ann Duffy; and Canadians Anne Carson, Robert Bringhurst, and Christian Bök. A number of names who may be new to many readers of poetry are also included among them: Ohioan Debra Allbery, Vancouverite Elise Partridge, and the Cree poet Connie Fife; as with the first edition, the editors have endeavored to include much that is fresh as well as much that is familiar. There are many additions to the selections from poets who appeared in the first edition including selections from the recent work of Leonard Cohen, Les Murray, and Margaret Atwood. As before, the anthology includes work from English-language poets throughout the world from India, Africa, and the Caribbean as well as from Britain, North America, and Australia. Although the selections from the work of poets of earlier eras are largely unchanged from the first edition, there have been some changes; among poems added for this edition are Milton's L'Allegro and Il Penseroso, Bradstreet's "Employment," Dickinson's "I cannot live without You," Frost's "Once by the Pacific," and Auden's "Funeral Blues." As before, the text emphasizes work of the past century; poems from 1900 or later take up more than half of the anthology's pages. In its first edition The Broadview Anthology of Poetry included biographical information about the poets at the back of the anthology; for the new edition, biographical material appears in a headnote to each poet. Two other features are also new to this edition: the date of first publication is appended after each poem, and line numbering is used throughout. The numbers have been kept unobtrusive, however; as with the first edition, the designers have endeavored to give a clean look to the pages of the anthology. A substantial section on prosody, figures of speech, and so on is included as an appendix.
