Munger, whose reputation is deep and wide, based on an extraordinary record of brilliantly successful business strategies, sees things that others don't.

There is a method to his mastery and, through this book, we get a chance to learn about this rare individual." -MICHAEL EISNER, Chairman and CEO, The Walt Disney Company "Janet Lowe uncovers the iconoclastic genius and subtle charm behind Charlie Munger's curmudgeonly facade in this richly woven portrait of our era's heir to Ben Franklin. With a biographer's detachment, an historian's thoroughness, and a financial writer's common sense, Lowe produces a riveting account of the family, personal, and business life of the idiosyncratically complex and endlessly fascinating figure." -LAWRENCE CUNNINGHAM, Cardozo Law School, Author of The Essays of Warren Buffett: Lessons for Corporate America "For years, Berkshire Hathaway shareholders and investors worldwide (me included) have struggled to learn more about Warren Buffett's cerebral sidekick. Now we can rest and enjoy reading Janet Lowe's book about this rare intellectual jewel called Charlie Munger."

-ROBERT G. HAGSTROM, Author of The Warren Buffett Way "Charlie has lived by the creed that one should live a life that doesn't need explaining. But his life should be explained. In a city where heroism is too often confused with celebrity, Charlie is a true hero and mentor. He lives the life lessons that he has studiously extracted from other true heroes and mentors, from Ben Franklin to Ben Graham. This book illuminates those life lessons." -RONALD L. OLSON, Munger, Tolles & Olson llp "Janet Lowe's unprecedented access to Charlie Munger and Warren Buffett has resulted in a first-class book that investors, academics, and CEOs

will find entertaining and highly useful."-TIMOTHY P. VICK, Money Manager and Author of How to Pick Stocks Like Warren Buffett

Charlie Munger, Berkshire Hathaway's visionary vice chairman and Warren Buffett's indispensable financial partner, has outperformed market indexes again and again, and he believes any investor can do the same. His notion of "elementary, worldly wisdom"—a set of interdisciplinary mental models involving economics, business, psychology, ethics, and management—allows him to keep his emotions out of his investments and avoid the common pitfalls of bad judgment. Munger's system has steered his investments for forty years and has guided generations of successful investors. This book presents the essential steps of Munger's investing strategy, condensed here for the first time from interviews, speeches, writings, and shareholder letters, and paired with commentary from fund managers, value investors, and business-case historians. Derived from Ben Graham's value-investing system, Munger's approach is straightforward enough that ordinary investors can apply it to their portfolios. This book is not simply about investing. It is about cultivating mental models for your whole life, but especially for your investments.

When Warren Buffett Speaks. . . people listen. "If people want to improve their investing skills, it has to help to study how the Master does it. This short book outlines Buffett's philosophy and techniques." —Peter S. Lynch, Fidelity Investments "Common sense with a deft irony . . ." —John C. Bogle, founder of The Vanguard Group and author, *The Little Book of Common Sense*

Investing "It was Warren Buffett's thoughts and philosophy that first captivated investors. Janet Lowe has done us all a great service by collecting and arranging Warren Buffett's wit and wisdom in an easy-to-read and enjoyable book." —Robert G. Hagstrom, Portfolio Manager, Legg Mason Growth Trust mutual fund, and author, *The Warren Buffett Way*, Second Edition "A must-read. Buffett's wit and wisdom is a roadmap for anyone looking to succeed in business, investing, and life." —Steve Halpern, Editor, www.thestockadvisors.com

Words of wisdom from Charlie Munger—Warren Buffett's longtime business partner and the visionary Vice Chairman of Berkshire Hathaway—collected and interpreted with an eye towards investing by David Clark, coauthor of the bestselling Buffettology series. Born in Omaha, Nebraska in 1924 Charlie Munger studied mathematics at the University of Michigan, trained as a meteorologist at Cal Tech Pasadena while in the Army, and graduated magna cum laude from Harvard Law School without ever earning an undergraduate degree. Today, Munger is one of America's most successful investors, the Vice Chairman of Berkshire Hathaway, and Warren Buffett's business partner for almost forty years. Buffett says "Berkshire has been built to Charlie's blueprint. My role has been that of general contractor." Munger is an intelligent, opinionated business man whose ideas can teach professional and amateur investors how to be successful in finance and life. Like *The Tao of Warren Buffett* and *The Tao of Te Ching*, *The Tao of Charlie Munger* is a compendium of pithy quotes including, "Knowing what you don't know is more useful than

being brilliant ” and “ In my whole life, I have known no wise people who didn ’ t read all the time—none, zero. ” This collection, culled from interviews, speeches, and questions and answers at the Berkshire Hathaway and Wesco annual meetings, offers insights into Munger ’ s amazing financial success and life philosophies. Described by Business Insider as “ sharp in his wit and investing wisdom, ” Charlie Munger ’ s investment tips, business philosophy, and rules for living are as unique as his life story; intelligent as he clearly is; and as successful as he has been.

"Our slogan from the very beginning was 'a computer on every desk and in every home.'" "For me to become gun-shy might require surgery." An icon more powerful than anything on a Windows screen, Bill Gates today stands atop his fabled Microsoft fortress staring down competitors' threats and injunctions from an annoyed U.S. Justice Department. The kind of success Gates has created rarely escapes criticism. And Bill is getting more than his share. The story of how this Harvard dropout created the operating system that would become the worldwide standard for millions of computers is legendary. And equally legendary has been the take-no-prisoners tactics of his corporate colossus, Microsoft. We've witnessed Gates's transformation from a geeky wunderkind into a business titan. Whether admired or detested, glorified or vilified, Gates is a household name and a worldwide curiosity. Bill Gates Speaks discloses what Bill Gates has to say on everything from financing a start-up to running a conglomerate, developing technology to raising a family, and growing his business to expanding his personal wealth. Drawing on quotes culled from

speeches, articles, essays, newscasts, and interviews, this unique book weaves all of this information into a compelling and easy-to-read biography. Here is just a sample of what you'll find inside: * "My parents weren't all that excited about their son announcing he was dropping out of a fine university to start a business in something almost nobody had heard of called 'microcomputers.'" * "I think business is very simple. Profit. Loss. Take the sales, subtract the costs, you get this big positive number. The math is quite straightforward." * "I envy people who thrive on three or four hours of sleep a night. They have so much more time to work, learn, and play." * "We never waste a lot of time talking about what we're doing well. It just isn't our culture. Every meeting is about 'Sure, we won in seven of the categories, but what about that eighth category?'" * "The PC industry is the model industry in the entire economy. The rate of innovation, the openness—all of these things are just fantastic. And Microsoft's role in creating this has been absolutely fundamental." The world listens when Bill Gates speaks "I'm not competent to judge his technical ability, but I regard his business savvy as extraordinary. If Bill had started a hot dog stand, he would have become the hot dog king of the world." -Warren Buffett "It is still possible to be a Vanderbilt, an Astor, a Rockefeller. You can still do that, you can be Bill Gates." -David Geffen "Everybody is waiting for this guy to slip. He hasn't slipped, and there's very little chance that he will. Everything that he keeps his hands in will work, and he will win." -Alan Kerr, Ogilvy & Mather "Love him or hate him, but you can't ignore him." -Fortune

Charlie Munger is an American investor, businessman

Bookmark File PDF Damn Right Behind Scenes Berkshire Hathaway

and philanthropist. He is vice chairman of Berkshire Hathaway, the conglomerate controlled by Warren Buffett; Buffett has described Munger as his partner. Munger served as chairman of Wesco Financial Corporation from 1984 through 2011. He is also chairman of the Daily Journal Corporation, based in Los Angeles, California, and a director of Costco Wholesale Corporation. Munger was born in Omaha, Nebraska. As a teenager he worked at Buffett & Son, a grocery store owned by Warren Buffett's grandfather. After enrolling in the University of Michigan, where he studied mathematics, he never returned to Omaha except to visit. In early 1943, a few days after his 19th birthday, he dropped out of college to serve in the U.S. Army Air Corps, where he became Second Lieutenant. He continued his studies in meteorology at Caltech in Pasadena, California, the town he was to make his home. Through the GI Bill he took a number of advanced courses through several universities; without an undergraduate degree, he entered Harvard Law School and graduated magna cum laude with a J.D. in 1948. At Harvard he was a member of the Harvard Legal Aid Bureau. In college and the Army he developed "an important skill" card playing. "What you have to learn is to fold early when the odds are against you, or if you have a big edge, back it heavily because you don't get a big edge often. Opportunity comes, but it doesn't come often, so seize it when it does come."

Charles Munger is Warren Buffett decade's long business partner, and his investment filter, jokingly called by Mr. Buffett - the abominable no man. The early pages cover Munger's family history, his framework for investing [wait for the fat pitches, and

Bookmark File PDF Damn Right Behind Scenes Berkshire Hathaway

assess each opportunity using rational, rigorous frameworks drawn from multiple disciplines (and not finance theory!)], and even some warm testaments from family, friends and colleagues. The next section, assembled by leading investor Whitney Tilson, is well edited and benefits from Tilson's massaging of quotations made over time into logical sub-headings. The bulk of the text though is, as the subtitle suggests, the wit and wisdom of Mr. Munger as conveyed through various speeches in the last couple decade or so before 2006.

A \$10,000 investment in Warren Buffett's original 1956 portfolio would today be worth a staggering \$250 million ... after taxes! What are his investing secrets? How to Pick Stocks Like Warren Buffett contains the answers and shows, step-by-profitable-step, how any investor can follow Buffett's path to consistently find bargains in all markets: up, down, or sideways. How to Pick Stocks Like Warren Buffett sticks to the basics: how Buffett continually finds bargain stocks passed over by others. Written by an actual financial analyst who uses Buffett's strategies professionally, this tactical how-to book includes: Comprehensive financial tools and information Strategy-packed "Buffett in action" boxes Buffett's own stock portfolio continually updated on the author's website!

Since the start of the twenty-first century, the political mainstream has been shifting to the right. The liberal orthodoxy that took hold in the West as a reaction to the Second World War is breaking down. In Europe, populist political parties have pulled the mainstream in their direction; in America, a series of challenges to the

Bookmark File PDF Damn Right Behind Scenes Berkshire Hathaway

Republican mainstream culminated in the 2016 election of Donald Trump. In *Key Thinkers of the Radical Right*, sixteen expert scholars explain sixteen thinkers, providing an introduction to their life and work, a guide to their thought, and an explanation of their work's reception. The chapters focus on thinkers who are widely read across the political right in both Europe and America, such as Julius Evola, Alain de Benoist, and Richard B. Spencer. Featuring classic, modern, and emerging thinkers, this selection provides a good representation of the intellectual right and avoids making political or value judgments. In an increasingly polarized political environment, *Key Thinkers of the Radical Right* offers a comprehensive and unbiased introduction to the thinkers who form the foundation of the radical right.

Berkshire Hathaway, the \$300 billion conglomerate that Warren Buffett built, is among the world's largest and most famous corporations. Yet, for all its power and celebrity, few people understand Berkshire, and many assume it cannot survive without Buffett. This book proves that assumption wrong. In a comprehensive portrait of the distinct corporate culture that unites and sustains Berkshire's fifty direct subsidiaries, Lawrence A. Cunningham unearths the traits that assure the conglomerate's perpetual prosperity. Riveting stories recount each subsidiary's origins, triumphs, and journey to Berkshire and reveal the strategies managers use to generate economic value from intangible values, such as thrift, integrity, entrepreneurship, autonomy, and a sense of permanence. Rich with lessons for those wishing to profit from the Berkshire model, this engaging book is a
