This version of the main text breaks down the chapters into shorter modules, for more accessibility. The smaller chunks allow students to better grasp and explore psychological concepts. The modules also

# Acces PDF David G Myers From The Los Angeles Times Sure Intuition

allow more flexibility in teaching, as cross-references to other chapters have been replaced with brief explanations.

This sixth edition of David G. Myers' Psychology includes new chapters on the nature and nurture of behaviour and references to statistical methods, streamlined development coverage and more.

Social psychologist David G. Myers has reviewed thousands of recent scientific studies conducted worldwide in search of the key to happiness. With wit and wisdom, he explodes some of the popular myths on the subject and presents specific techniques for finding true joy in living: Are most people happy? What are the inner traits of happy people? Are extroverts happier than introverts? Are men happier than women? Does religious faith promote inner peace and joy? Does well-being come with being well-off? Are happy children more likely to become happy adults? What part do friends play in personal happiness? Is age a factor in feeling happy? What can you do to improve your own sense of well-being? and much more

How reliable is our intuition? How much should we depend on gut-level instinct rather than rational analysis when we play the stock market, choose a mate, hire an employee, or assess our own abilities? In this engaging and accessible book, David G. Myers shows us that while intuition can provide us with useful—and often amazing—insights, it can also dangerously mislead us. Drawing on recent psychological research, Myers discusses the powers and perils of intuition when:

- judges and jurors determine who is telling the truth;
- mental health workers predict whether someone is at risk for suicide or crime;
- coaches, players, and fans decide who has the hot hand or the hot bat;
- personnel directors hire new employees;
- psychics claim to be clairvoyant or to have premonitions;
- and much more.

Already The Bestselling AP\* Psychology Author, Myers Writes His First Exclusive AP\* Psych Text Watch Dave G. Myers introduce this new text here. Watch instructor video reviews here. David G. Myers is best known for his top-selling college psychology texts, used successfully across North America in thousands of AP\* courses. As effective as Myers' college texts have been for the AP\* course, we believe his new text will be even better, because Myers' Psychology for AP\* has been written especially for the AP\* course!

An introduction to psychology course. The author's updating and integrated use of the SQ3R learning system (Survey, Question, Read, Rehearse, Review) help to make the text accessible. A comprehensive supplements package is available to help both students and instructors.

David Myers' bestselling Psychology has reached a wider audience of

## Acces PDF David G Myers From The Los Angeles Times Sure Intuition

students and instructors with each new edition. Myers and his team lead the field in being attuned to psychology's research and the needs of the instructors and students in the course today. Ten million student class testers and thousands of adopting instructors can attest to the quality of this project. True to form, this landmark new Tenth Edition is another vigorous, deeply considered revision. DSM 5 Updates Available for Fall 2014 classes, this update version features new content from David Myers in response to the release of the DSM-5. This new content is integrated into the text without changing pagination or the structure of the chapters. A special DSM 5 Supplement by the David Myers is available for Fall 2013 and Spring and Summer 2014 courses. View the Page-Referenced Guide to the DSM-5 updates for Psychology. Watch our new videos from David Myers here, including our animation on THE TESTING EFFECT narrated by David Myers.

David Myers' bestselling Psychology has reached a wider audience of students and instructors with each new edition. His new partnership with coauthor C. Nathan DeWall matches two dedicated educators and scholars, each passionate about teaching psychological science through writing and interactive media. With this new edition of the #1 bestselling Psychology, Myers and DeWall take full advantage of what an integrated text/media learning combination can do. New features move students from reading the chapter to actively learning online: How Would You Know puts students in the role of scientific researcher and includes tutorials on key research design principles; Assess Your Strengths self-tests help students learn a little more about themselves, and include tips about nurturing key strengths. These and other innovations rest on the same foundations that have always distinguished a new David Myers edition—exhaustive updating (hundreds of new citations), captivating writing, and the merging of rigorous science with a broad human perspective that engages both the mind and heart.

This modular version of Myers's full-length text, Psychology, reflects the author's research-supported belief that many students learn better using a text comprised of brief modules, as opposed standard-length chapters. Psychology, Eighth Edition, in Modules breaks down the 18 chapters of Psychology into 58 short modules, retaining that acclaimed text's captivating writing, superior pedagogy, and wealth of references to recent cutting-edge research. The modular version has its own extensive media and supplements package, with content organized to match its table of contents.
