Twelve Years a Slave (1853) is a memoir and slave narrative by Solomon Northup, as told to and edited by David Wilson. Northup, a black man who was born free in New York, details his kidnapping in Washington, D.C. and subsequent sale into slavery. After having been kept in bondage for 12 years in Louisiana by various masters, Northup was able to write to friends and family in New York, who were in turn able to secure his release. Northup's account provides extensive details on the slave markets in Washington, D.C. and New Orleans and describes at length cotton and sugar cultivation on major plantations in Louisiana.

Addison's selected essays cover such diverse topics as Sir Roger de Coverly, The Tatler's Court, Stateswomen, Humors of the Town, Tales and Allegories, The Court of Honor, Fashion, and much more.

In this fresh and original analysis, Brian J. McVeigh argues persuasively that far from being unique, Japanese nationalism becomes demystified once 'management' and 'mysticism'—the same processes and practices that operate in other national states—are taken into account. Stripping away Orientalist-inspired misconceptions, the author stresses the variety and relative intensity of nationalisms, ranging from economic, ethnic, and educational to cultural, gendered, and religious. Highlighting the legacy of 'renovationism,' pluralism, and of identity among Japanese, this book will be an invaluable corrective to recent works that glibly proclaim the emergence of 'globalization,' 'internationalization,' and 'convergence.' NEW YORK TIMES BESTSELLER - In these hilarious essays, the Saturday Night Live head writer and Weekend Update co-anchor learns how to take a beating. "I always wanted to punch his face before I read this book. Now I just want to kick him in the balls."--Larry David NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Cosmopolitan - Vulture - Parade If there's one trait that makes someone well suited to comedy, it's being able to take a punch--metaphorically and, occasionally, physically. From growing up in a family of firefighters on Staten Island to commuting three hours a day to high school and "seeing the sights" (like watching a Russian woman throw a stroller off the back of a ferry), to attending Harvard while Facebook was created, Jost shares how he has navigated the world like a slightly smarter Forrest Gump. You'll also discover things about Jost that will surprise and confuse you, like how Jimmy Buffett saved his life, how Czech teenagers attacked him with potato salad, how an insect laid eggs inside his legs, and how he competed in a twenty-five-man match at WrestleMania (and almost won). You'll go behind the scenes at SNL and Weekend Update (where he's written some of the most memorable sketches and jokes of the past fifteen years). And you'll experience the life of a touring stand-up comedian--from performing in rural college cafeterias at noon to opening for Dave Chappelle at Radio City Music Hall. For every accomplishment (hosting the Emmys), there is a setback (hosting the Emmys). And for every absurd moment (watching paramedics give CPR to a raccoon), there is an honest, emotional one (recounting his mother's experience on the scene of the Twin Towers' collapse on 9/11). Told with a healthy dose of self-deprecation, A Very Punchable Face reveals the brilliant mind behind some of the dumbest sketches on television, and lays bare the heart and humor of a hardworking guy--with a face you can't help but want to punch.
