The New York Times bestselling Under Suspicion series by the "Queen of Suspense" Mary Higgins Clark and Alafair Burke returns with this gripping mystery following television producer's Laurie Moran investigation of the unsolved Met Gala murder—in which a wealthy widow was pushed to her death from the famous museum's rooftop. Laurie Moran's professional life is a success—her television show Under Suspicion is a hit, both in the ratings and its record of solving cold cases. But her romantic break from former host Alex Buckley has left her with on-air talent she can't stand—Ryan Nichols—and a crippling sense of loneliness. Now Ryan has suggested a new case. Three years ago, Virginia Wakeling, a member of the Board of Trustees of the Metropolitan Museum of Art and one of the museum's most generous donors, was found dead in the snow, after being thrown from the museum's roof on the night of the Met Gala. The leading suspect then and now is her much younger boyfriend and personal trainer, Ivan Gray. Ivan runs a trendy, successful boutique gym called Punch—a business funded in no small part by the late Virginia—which happens to be the gym Ryan frequents. Laurie's skepticism about the case is upended by a tip from her father's NYPD connection, and soon Laurie realizes there are a bevy of suspects—including Virginia's trusted inner circle. As the Under Suspicion crew pries into the lives of a super wealthy real estate family with secrets to hide, danger mounts for several witnesses—and for Laurie.

The fifth collaborative novel in the Under Suspicion series by Mary Higgins Clark and Alafair Burke, takes place at the Met Gala in New York City.

Unforgettable characters, sizzling romance, and riveting suspense: These are the trademarks of beloved author Judith McNaught. Returning to the lavish Chicago setting of her popular novel Paradise, and revisiting some of that book's characters as well, this story will captivate in inimitable Judith McNaught style. High atop a snow-covered hill, the stately old Wyatt mansion is perched like a crown, its stone spires pointing upward, its stained glass windows glowing like colorful jewels. Such opulence means success and, surely, happiness. But on the eve of wealthy philanthropist Cecil Wyatt's eightieth birthday, all the money in the world won't bring back his missing grandson, William Wyatt. The only thing for certain: Foul play was involved. The family, the police, the media—all have tried in vain to discover the young man's fate. Now suspicion has turned shockingly toward William's own half-brother, the rather distant and enigmatic Mitchell Wyatt. Kate Donovan never dreamed that a chance romantic encounter on a tropical island paradise would tag her as a suspect in a high-society murder case. But after Kate tangles with the darkly charismatic Mitchell Wyatt, she finds herself cast in a shadow of guilt and mistrust. As the Chicago police tighten their net, it will take all of Kate's ingenuity to clear her name. With her calm, cool wit, and the help of a man who may or may not be a dangerous catch, Kate vows to claim the life and love she desires. Includes bonus scenes.

A leading authority in the field takes readers on a fascinating and surprising journey through the atmosphere—from our lungs to outer space—that will leave readers breathless. With seven million early deaths each year linked to air pollution, air quality is headline news around the world. But even though we breathe in and out every few seconds, few of us really know what's in the air all around us. In Every Breath You Take, air quality specialist—and full-time breather—Dr. Mark Broom connects the dots from the atmosphere on distant planets to the holes in the ozone layer to the particles in our lungs. How do we measure air pollution and what on earth is an odor panel? Why are property prices higher upwind of cities? And will our grandchildren inherit an atmosphere worth breathing? With keen insights on the atmospheric effects of climate change, industrial air pollution, and urbanization in the twenty-first century, Every Breath You Take combines the latest scientific research with Mark's personal stories to answer these questions and many more in a readable and surprising journey through the atmosphere.

America's #1 true-crime writer fulfills a murder victim's desperate plea with this shattering New York Times bestseller. "If anything ever happens to me—find Ann Rule and ask her to write my story." In perhaps the first true-crime book written at the victim's request, Ann Rule untangles a web of lies and brutality that culminated in the murder of Sheila Blackthorne Bellush—a woman Rule never met, but whose shocking story she now chronicles with compassion, exacting detail, and unvarnished candor. Although happily ensconced in a loving second marriage, and a new family of quadruplets, Sheila never truly escaped the vicious enslavement of her ex-husband, multi-millionaire Allen Blackthorne, a handsome charmer—and a violent, controlling sociopath who subjected Sheila to unthinkable abuse in their marriage, and terrorized her for a decade after their divorce. When Sheila was slain in her home, in the presence of her four toddlers, authorities raced to link the crime to Blackthorne, the man who vowed to monitor Sheila's every move in his obsessive quest for power and revenge.

Mindful breathing is direct, natural and easy to learn, it is simply using your breath as a focus or a tool for mindfulness. If you can breathe you can be mindful and once you master this you can access it at any point, wherever you are day or night. Mindful breathing can help you to: • Gain an immediate sense of peace - this can be experienced from the first breath • Helps you accept yourself, other people, and your life, just as they are without fighting against them • Connect to your own inner strength • Achieve an inner sense of well-being, energy, and joy • Be kinder to yourself and to others Following on from the hugely successful I Met A Monk, Rose Elliot, renowned vegetarian chef and proponent of mindfulness gently leads the reader on a journey that starts with the teachings of the Buddha on a moonlit evening. In its re-telling she reveals the techniques and teachings of the Buddha, that are as valid today as they were two and a half thousand years ago on mindful breathing. Every Breath You Take brings a fresh approach to mindfulness that will inspire anyone who hasn't tried it and will bring new life to the practice of those who have. Both practical, personal and inspirational this book will give you the tools and exercises you need to be able to understand and use mindful breathing every day of your life.

Clean air is essential for all living creatures—plants, animals, and people—to live healthy lives. Every Breath We Take is a positive, life-affirming look at clean air, with a subtle message about how air can be dirtied—and how it can be cleaned up. Photographs of beautiful children around the world exploring air through touch, smell, sound, and sight underscore the importance of clean air to all life on earth. This is science that surrounds us. The first step to cherishing something is recognizing its importance and understanding why it is necessary. A portion of the proceeds from the sales of this book will be donated to Moms Clean Air Force, a national movement of over a half million moms, dads, and grandparents who are protecting the right of every child to breathe clean air.

The palatial weekend retreat of Wildfell Cottage is just the ticket for three career women seeking reflection on their sudden life changes, but soon after meeting, one is brutally murdered and another is determined to catch the killer. Reprint.

A first collaboration between the MWA Grand Master and the best-selling author of the Ellie Hatcher series follows the launch of a reality television series for unsolved crimes and a case involving a murdered UCLA student. 300,000 first printing.
