The excessive worship of adolescence and its social empowerment by adult institutions is the deeply rooted cause of a serious cultural malaise. So argues semiotician Marcel Danesi in *Forever Young*, an unforgiving and controversial look at modern culture's incessant drive to create a 'teen-aging' of adult life. Written for the general reader and based on five year's worth of interviews with over 200 adolescents and their parents, Danesi begins by asserting that one of the early causes of this crystallization of adolescence as an age category can be traced back to theories of psychology at the turn of the twentieth century. Since then, the psychological view of adolescence as a stressful period of adjustment has become a self-fulfilling prophecy. This, in tandem with the devaluation of the family by the media and society at large, has led to a maturity gap - a fissure in family dynamics that is eagerly and ably exploited by the mass media. Unlike many academic digressions into the malaise of modern culture, *Forever Young* provides concrete answers on how the 'forever young syndrome' can be addressed. One solution is to dispel the myth that experts and professionals are the people best equipped to give advice on raising children. The second is to recognize the value of family, in all its different combinations, as the primary institution of child-rearing. The third is to challenge the pervasive notion that teen culture is a sophisticated endeavour - that, for example, pop music can claim to have produced some of the best musical art in the world, surpassing Mozart or Bach. By laying bare the misguided tenets that have brought about, and continue to promote, a 'forever young' mentality, Marcel Danesi demonstrates that the 'teen-aging' of culture has come about because it is, simply put, good for business. Teen tastes have achieved cultural supremacy because the western economic system requires a conformist and easily manipulated market, and has thus joined forces with the media-entertainment oligarchy to promote a

Williams and bestselling author Kingsbury team up for an inspiring book that will help the graduate aim high, while gaining insight into living a life full of passion, hope and faith.

The autobiography of astronaut John Young.

Forever Young offers a wide-ranging survey of the notion of longevity, from antiquity to the present. The author looks at the many manifestations of one of humanity's most powerful dreams: the prolongation of life and youth with immortality as a final objective. Using a variety of sources – religion, folk traditions, science, literature and art – the book shows on the one hand the persistence of the human spirit (the desire for longevity is revealed as an extremely stable archetype throughout history) and on the other, the innovations specific to each period or culture due to the progress of science and differing ideologies and attitudes.

Nowadays, prolonging life and youth has become a major goal of society due to a combination of several factors: the spectacular increase in life expectancy; the advances of science and especially genetics; and, finally, the decline of religious belief in life after death, emphasizing the only remaining certainty – corporeal life. The author, a specialist in mythology and imagination, approaches his subject in an accessible and engaging way.

Now in paperback, a fresh and funny contemporary YA rom-com about teens working as costumed characters in a local amusement park. Elouise (Lou) Parker is determined to have the absolute best, most impossibly epic summer of her life. Nick, already has a girlfriend, who is literally the princess of the park. But Lou's never liked anyone, guy or otherwise, this much before, and now she wants a chance at her own happily ever after. - Her best friend, Seeley, the carousel operator, has always been up for anything, but she's decidedly not on board when it comes to Lou's quest to set her up with the perfect girl or Lou's scheme to get close to Nick. - And it turns out that this will be their last summer at Magic Castle Playland--ever--unless she can find a way to stop it from closing. Jennifer Dugan's sparkling debut coming-of-age queer romance stars a princess, a pirate, a hot dog, and a carousel operator who find love--and themselves--in unexpected people and unforgettable places.
