In today's pluralistic society, not every approach to sharing the gospel will work with all people. Being ready to give reasons for the hope we have in Christ means understanding the contextual framework of the people we are addressing. In the Holman QuickSource Guide to Christian Apologetics, Renaissance man Doug Powell defends the Christian faith in a new key; taking timehonored approaches in apologetics and freshly presenting them for a new generation. Chapters include: 1. What Is Apologetics? 2. The Cosmological Argument for God's Existence 3. The Teleological Argument for God's Existence 4. The Axiological Argument for God's Existence 5. Which God Exists? 6. Where Did the New Testament Come From? 7. Is the New Testament Reliable? 8. Extrabiblical Evidence for Jesus 9. Is the Old Testament Reliable? 10. The Fulfillment of Prophecy 11. What About Miracles? 12. Was Jesus Raised from Death? 13. Did Jesus Claim to Be God? Is He the Only Way? 14. How can God allow Evil, Pain, and Suffering?

A non-calculus based introduction for students studying statistics, business, engineering, health sciences, social sciences, and education. It presents a thorough coverage of statistical techniques and includes numerous examples largely drawn from actual research studies. Little mathematical background is required and explanations of important concepts are based on providing intuition using illustrative figures and numerical examples. The first part shows how statistical methods are used in diverse fields in answering important questions, while part two covers descriptive statistics and considers the organisation and summarisation of data. Parts three to five cover probability, statistical inference, and more advanced statistical techniques.

These techniques teach you valuable restraining methods that force your opponent to submit without abuse by using pressure points. It shows you tips for search and seizure, and the almost extinct art of Hojojutsu.how to tie people up without using any knots. Japanese Jiu-jitsu: Secret Techniques of Self-Defense addresses and demonstrates the full range of Kaisho Goshin Budo Taiho Jitsu Ryu (Tokyo police self-defense).
