Annotation. This book constitutes the refereed proceedings of the 13th International Conference on Theory and Applications of Satisfiability Testing, SAT 2010, held in Edinburgh, UK, in July 2010 as part of the Federated Logic Conference, FLoC 2010. The 21 revised full papers presented together with 14 revised short papers and 2 invited talks were carefully selected from 75 submissions. The papers cover a broad range of topics such as proof systems and proof complexity; search algorithms and heuristics; analysis of algorithms; combinatorial theory of satisfiability; random instances vs structured instances; problem encodings; industrial applications; applications to combinatorics; solvers, simplifiers and tools; and exact and parameterized algorithms.

The Straight-Talking Student's Guide to the Best Colleges For more than thirty-five years, The Insider's Guide to the Colleges has been the favorite resource of high school students across the country because it is the only comprehensive college reference written and researched by students for students. In interviews with hundreds of peers on campuses from New York to Hawaii and Florida to Alaska, our writers have gotten the inside scoop on every school on topics ranging from professors and campus life to dorms and student activities. This thirty-sixth edition has been completely revised and updated to stay on top of campus trends and attitudes. Each school profile in The Insider's Guide cuts through the veneer of brochures and common stereotypes to reveal colleges as they're seen through the eyes of their students. This comprehensive guide includes: - Revealing profiles of more than 330 top schools in the United States and Canada - Essential statistics for every school, from acceptance rates to the most popular majors - An insider's packing list
