Evil tree. Bad Apple? Twenty years ago, all the evil villains were banished from the kingdom of Auradon to the Isle of the Lost—a dark and dreary place protected by a force field that makes it impossible for them to leave. Stripped of their magical powers, the villains now live in total isolation, forgotten by the world. Mal learns from her mother, Maleficent, that the key to true darkness, the Dragon's Eye, is located inside her scepter in the forbidden fortress on the far side of the island. The eye is cursed, and whoever retrieves it will be knocked into a deep sleep for a thousand years. But Mal has a plan to capture it. She'll just need a little help from her "friends." In their quest for the Dragon's Eye, these four kids begin to realize that just because you come from an evil family tree, being good ain't so bad.

There's no place like home. Especially if home is the infamous Isle of the Lost. Mal, Evie, Carlos, and Jay haven't exactly turned their villainous noses up at the comforts of Auradon after spending their childhoods banished on the Isle. After all, meeting princes and starring on the Tourny team aren't nearly as terrible as Mal and her friends once thought they would be. But when they receive a mysterious invitation to return to the Isle, Mal, Evie, Carlos, and Jay can't help feeling comfortable in their old hood—and their old ways. Not everything is how they left it, though, and when they discover a dark mystery at the Isle's core, they'll have to combine all of their talents in order to save the kingdom.

Mal, Evie, Jay, and Carlos may have once been the baddest of the bad, but their wicked ways are (mostly) behind them—and now graduation is almost here! But before the seniors can don their custom-designed caps and gowns, courtesy of Evie, they've got an epic plan to put into action. There are tons of villain kids on the Isle of the Lost who are eager for their chance to come to Auradon Prep—even Celia, Dr. Facilier's trickster daughter, wants in on the deal!—and Mal's crew is using their upcoming visit to the Isle to help make it happen. But Auradon's biggest threat is still at large... Trapped on the other side of the barrier, Uma is more desperate than ever to get her long-awaited revenge against Mal. When she discovers an underground lair belonging to Hades, god of the underworld, Uma realizes she's found the perfect partner in crime. Together, they can defeat Mal, bring down the barrier, and escape the Isle for good. Mal and Uma have a score to settle, and they'll come face to face in an explosive underwater battle that could determine the fates of Auradon and the Isle of the Lost once and for all. Praise for *The Isle of the Lost* "Disney lovers and fairy-tale fans alike will need to get their hands on this book." — School Library Journal Praise for *Return to the Isle of the Lost* "Packed with plenty of humor and adventure, this sequel spinoff is destined to please. With a second movie in the works and a bevy of loyal readers, it certainly won't stay on shelves for long." — Booklist

Ride with the tide! Deep beneath the waves, King Triton's powerful trident has passed through the magical barrier that surrounds the Isle of the Lost—keeping villains in and magic out. And when Mal's longtime rival Uma, daughter of Ursula, gets wind of this, she can't believe her luck. The tide has dragged in something good for a change, and Uma is determined to get her wicked hands on it. But first, she needs a pirate crew. A storm is brewing back in Auradon, and when Mal, Evie, Carlos, and Jay hear that the trident has been washed away, they realize they'll have to find it before anyone from the Isle does. Luckily, they seem to have a talent for locating missing magical objects. As Uma readies for the high seas alongside Harry, son of Captain Hook, Gil, son of Gaston, and the toughest rogues on the Isle of the Lost, the reformed villains of Auradon devise their own master plan. And with King Ben away on royal business, they won't have to play by all the rules. Using bad for good can't be totally evil, right? The thrilling, perilous race to the trident pits old friends—and current enemies—against each other with the future of Auradon on the line. Both teams might like to make waves, but only one will come out on top of this one.

Book two in the #1 New York Times best-selling *Descendants* series--now in the wickedly fun, action-packed graphic novel! Mal's an expert at intimidating her enemies, but she's broken the habit since leaving her villainous roots behind. So when she and her friends Evie, Carlos, and Jay all receive threatening messages demanding they return home, Mal can't believe it. Sure, she's King Ben's girlfriend now, and she's usually nice to her classmates, but she still didn't think anyone would be silly enough to try to push her around. The thing is, it kind of worked. Especially since she and her friends have a sneaking suspicion that their villainous parents are behind the messages. And when Evie looks into her Magic Mirror, what she sees only confirms their fears. Maleficent's just a tiny lizard after her run-in with Mal at Ben's Coronation, but she's the worst villain in the land for a reason. Could she have found a way to escape? Whatever's going on, Mal, Evie, Carlos, and Jay know

they have to sneak back to the Isle and get to the bottom of it. Without its infamous leader, the island's even worse than when they left it, but the comforts of home—even a home as gloomy as the Isle of the Lost—can be hard to resist for recently reformed villains. Will the kids be able to beat the evil bubbling at the Isle's wicked core, or will the plot to destroy Auradon succeed?

Twenty years ago, all the evil villains were banished from the kingdom of Auradon and made to live in virtual imprisonment on the Isle of the Lost. The island is surrounded by a magical force field that keeps the villains and their descendants safely locked up and away from the mainland. Life on the island is dark and dreary. It is a dirty, decrepit place that's been left to rot and forgotten by the world. But hidden in the mysterious Forbidden Fortress is a dragon's eye: the key to true darkness and the villains' only hope of escape. Only the cleverest, evilest, nastiest little villain can find it ... who will it be? Maleficent, Mistress of the Dark: As the self-proclaimed ruler of the isle, Maleficent has no tolerance for anything less than pure evil. She has little time for her subjects, who have still not mastered life without magic. Her only concern is getting off the Isle of the Lost. Mal: At sixteen, Maleficent's daughter is the most talented student at Dragon Hall, best known for her evil schemes. And when she hears about the dragon's eye, Mal thinks this could be her chance to prove herself as the cruelest of them all. Evie: Having been castle-schooled for years, Evil Queen's daughter, Evie, doesn't know the ins and outs of Dragon Hall. But she's a quick study, especially after she falls for one too many of Mal's little tricks. Jay: As the son of Jafar, Jay is a boy of many talents: stealing and lying to name a few. Jay and Mal have been frenemies forever and he's not about to miss out on the hunt for the dragon's eye. Carlos: Cruella de Vil's son may not be bravest, but he's certainly clever. Carlos's inventions may be the missing piece in locating the dragon's eye and ending the banishment for good. Mal soon learns from her mother that the dragon's eye is cursed and whoever retrieves it will be knocked into a deep sleep for a thousand years. But Mal has a plan to capture it. She'll just need a little help from her "friends." In their quest for the dragon's eye, these kids begin to realize that just because you come from an evil family tree, being good ain't so bad.

Mal, Evie, Carlos and Jay receive an invitation to return to the Isle. There they discover a dark mystery at the island's core.
