I just traded for a 2000 Argo conquest with the kawasaki 20. First day it ran good for a while then began to die and we would have to choke it to get it to start. Got home and it wouldn't start without starter fluid. I replaced the plugs, fuel filters and it ran grea the next day for a good 2 hours. As we were leaving it died going up a large ditch.

SPECIAL PRE-PUBLICATION PRICE UNTIL FEBRUARY 28TH. AS OF MARCH 1ST PRICE WILL GO UP TO 249 EURO/ 299 USD.

In *The End of Japanese Cinema* Alexander Zahlten moves film theory beyond the confines of film itself, attending to the emergence of new kinds of aesthetics, politics, temporalities, and understandings of film and media. He traces the evolution of a new media ecology through deep historical analyses of the Japanese film industry from the 1960s to the 2000s. Zahlten focuses on three popular industrial genres: Pink Film (independently distributed softcore pornographic films), Kadokawa (big-budget productions as part of a transmedia strategy), and V-Cinema (direct-to-video films). He examines the conditions of these films' production to demonstrate how the media industry itself becomes part of the politics of the media text and to highlight the complex negotiation between media and politics, culture, and identity in Japan. Zahlten points to a different history of film, one in which a once-powerful film industry transformed into becoming only one component within a complex media-mix ecology. In so doing, Zahlten opens new paths for uncovering similar broad processes in other large media societies. A Study of the Weatherhead East Asian Institute, Columbia University

Incorporating the latest thinking and developments from both academia and industry, this exploration of brands, brand equity and strategic brand management combines a comprehensive theoretical foundation with numerous techniques and practical insights for making better day-to-day and long-term brand decisions. Focused on how-to and why, it provides specific tactical guidelines for planning, building, measuring and managing brand equity. It includes numerous examples on each topic and over 75 Branding Briefs that identify successful and unsuccessful brands.

Sparkling and colorful gems do more than just bring beauty into the home: they enhance and change the mood in every room. Using techniques derived from the ancient Chinese art of placement, this practical and lavishly photographed guide explains how to choose the right crystals for any purpose--from improving health to gaining wealth--and where to put them for the best results. See how a crystal wand in the bathroom can clear away emotional blocks; how a jade hearthstone in the kitchen can actually improve culinary talents; and how a rose quartz in the bedroom can stimulate passion. There ' s also advice on crystal massages, rituals for consolidating friendships, meditations to strengthen a crystal ' s effects, and advice on creating a crystal chart.

A Friendship Forged in Hell! Daniel Leary is a lieutenant in the Republic of Cinnabar Navy with no money and no prospects since he quarreled with his ruthless, politically powerful father. Adele Mundy is a scholar with no money and no prospects since her family was massacred for conspiring against the Government of Cinnabar. Kostroma is a wealthy planet which depends on diplomacy to stay independent in a galaxy whose two great powers, Cinnabar and the Alliance, battle for supremacy. In a few hours, diplomacy is going to fail Kostroma. Daniel, Adele, and the scratch crew they gather aren't much to stand in the way of a powerful invasion fleet, but just possibly they're enough. Men and women who hold courage cheap and honor more dear than life itself face impossible odds in a novel of color, intrigue and slashing action. From the corridors of a treason-ridden palace through the perils of unknown seas and hellish jungles to a final blazing climax in space, the heroes never bow and the action never flags. They have nothing on their side but each other ³/₄ and heaven help whatever tries to stand in their way! At the publisher's request, this title is sold without DRM (Digital Rights Management).

Two crackerjack science journalists from NPR look at why some things (and some people!) drive us crazy It happens everywhere?offices, schools, even your own backyard. Plus, seemingly anything can trigger it?cell phones, sirens, bad music, constant distractions, your boss, or even your spouse. We all know certain things get under our skin. Can science explain why? Palca and Lichtman take you on a scientific quest through psychology, evolutionary biology, anthropology, and other disciplines to uncover the truth about being annoyed. What is the recipe for annoyance? For starters, it should be temporary, unpleasant, and unpredictable, like a boring meeting or mosquito bites Gives fascinating, surprising explanations for why people react the way they do to everything from chili peppers to fingernails on a blackboard Explains why irrational behavior (like tearing your hair out in traffic) is connected to worthwhile behavior (like staying on task) Includes tips for identifying your own irritating habits! How often can you say you're happily reading a really Annoying book? The insights are fascinating, the exploration is fun, and the knowledge you gain, if you act like you know everything, can be really annoying.

Solomon Northup was born a free black man. He was kidnapped, tortured, and sold into slavery. For 12 years, he was kept in bondage as a slave in Louisiana-- Twelve Years a Slave is his moving and raw account of survival and life as a slave. This edition includes the full book as well as a comprehensive companion with historical notes, character overview, themes overview, and chapter summaries.

Writers, game designers, teachers, and students ~this is the book youve been waiting for! Written by storytellers for storytellers, this volume offers an entirely new approach to word finding. Browse the pages within to see what makes this book different:

Readership: Trainee teachers; educational policy-makers; school management personnel; information and communication technology coordinators; computing teachers; academics.
