Agricultural Land
Redistribution and Land
Administration in Sub-
Saharan Africa: Case Studies
of Recent Reforms focuses on
"how" to undertake land

Read Free Land Administration And Reforms in Sub-Saharan Africa, but with relevant lessons for other developing countries. It provides details, with case studies, on how reforms were undertaken to address a pressing and controversial

Read Free Land
Administration And
Development Challenge in
Africa - land ownership
inequality - and an
intransigent development
issue - inefficiency and
corruption in land
administration. An equally
important contribution of

Read Free Land Administration And Practice in Hong Kong
the book is assessing reforms and highlighting valuable lessons for other countries contemplating reforms. The six case studies collectively cover two main areas of land governance: reforms in

Read Free Land Administration And

redistributing agricultural
land and reforms in land
administration. The first
two case studies discuss
reforms in redistributing
agricultural land in Malawi
and South Africa, part of
the southern Africa region

Read Free Land Administration And Practices In Hong Kong

where land ownership inequalities rival those in Latin America. The remaining case studies, four in number, are focused on addressing corruption and inefficiency in land administration in a variety

Read Free Land Administration And Practice in Hong Kong

of contexts of governance including stable and post-conflict countries. The case studies cover: •

Decentralizing land administration with demonstrations from Uganda, Ethiopia, Tanzania, and

Read Free Land Administration And

Ghana; • Developing post-conflict land administration systems with examples from Liberia and Rwanda; • Re-engineering and computerizing land information systems with examples from Ghana and

Read Free Land Administration And

Uganda; and • Improving
management of government
land through land
inventories with examples
drawn from Ghana and Uganda.
The common elements between
sometimes disparate
experiences provide lessons

Read Free Land Administration And

Practice In Hong Kong
of relevance to African and other developing countries contemplating similar reforms. The rigorous analysis and yet down-to-earth lessons of experience are a reflection of the authors' deep global

Read Free Land Administration And

Practice in Hong Kong
experience underpinned by
personal participation in
the reforms covered by the
book. This volume will be of
interest to a wide audience
including land specialists
and practitioners, African
policy makers, experts and

Read Free Land Administration And Practice In Hong Kong managers in the international development community, and the academia.

Increased global demand for
land posits the need for
well-designed country-level
land policies to protect

Read Free Land Administration And

long-held rights, facilitate land access and address any constraints that land policy may pose for broader growth. While the implementation of land reforms can be a lengthy process, the need to swiftly identify key land

Read Free Land Administration And

Practice in Hong Kong
policy challenges and devise
responses that allow the
monitoring of progress, in a
way that minimizes conflicts
and supports broader
development goals, is clear.
The Land Governance
Assessment Framework (LGAF)

Read Free Land Administration And Practice In Hong Kong

makes a substantive contribution to the land sector by providing a quick and innovative tool to monitor land governance at the country level. The LGAF offers a comprehensive diagnostic tool that covers

Read Free Land Administration And

Practice In Hong Kong
five main areas for policy
intervention: Legal and
institutional framework;
Land use planning,
management and taxation;
Management of public land;
Public provision of land
information; and Dispute

Read Free Land Administration And Practice In Hong Kong

resolution and conflict management. The LGAF assesses these areas through a set of detailed indicators that are rated on a scale of pre-coded statements (from lack of good governance to good practice). While land

Read Free Land Administration And

Practice in Hong Kong
governance can be highly technical in nature and tends to be addressed in a partial and sporadic manner, the LGAF posits a tool for a comprehensive assessment, taking into account the broad range of issues that

Read Free Land Administration And

Practice in Hong Kong
Land governance encompasses, while enabling those unfamiliar with land to grasp its full complexity. The LGAF will make it possible for policymakers to make sense of the technical levels of the land sector,

Read Free Land Administration And Practice In Hong Kong

benchmark governance, identify areas that require further attention and monitor progress. It is intended to assist countries in prioritizing reforms in the land sector by providing a holistic diagnostic review

Read Free Land Administration And Practice In Hong Kong

that can inform policy dialogue in a clear and targeted manner. In addition to presenting the LGAF tool, this book includes detailed case studies on its implementation in five selected countries: Peru,

Read Free Land Administration And Practices in Hong Kong, the Kyrgyz Republic, Ethiopia, Indonesia and Tanzania.

This paper is a post-
conference summary of the
International Conference on
Land Policy Reform that took

Read Free Land Administration And

Practice in Jakarta from July
25-27, 2000. The paper
concerns best practice in
land administration systems.
While the paper is focussed
on world's best practice, it
does so in the context of
developing and emerging

Read Free Land Administration And

Practice in Hong Kong such as
Indonesia which have diverse
land tenure relationships
ranging from areas in cities
with active land markets
approaching modern land
markets, to whole provinces
which are almost completely
