First he was known as Tommy, then Woodrow, and eventually, Mr. President. Born on December 28, 1856, in Staunton, Virginia, Thomas Woodrow Wilson was a born leader. He was the president of Princeton University, served as governor of New Jersey after that, and was then elected president of the United States. But not everything was so easy for Wilson. He was ahead of his time in wanting a League of Nations after World War I to help prevent another war like it, but his hopes were dashed when the United States refused to join. Margaret Frith offers a fascinating look at how this magnificent and tragic figure handled debilitating illness, heartbreak, and "the war to end all

Enigmatic and compelling, *The Fall of the Stone City* shows Ismail Kadare at the height of his powers. It was shortlisted for the Independent Foreign Fiction Prize. In September 1943, German soldiers advance on the ancient gates of Gjirokaster, Albania. It is the first step in a carefully planned invasion. But once at the mouth of the city, the troops are taken aback by a surprising act of rebellion that leaves the citizens fearful of a bloody counter-attack. Soon rumours circulate, in cafes, houses and alleyways, that the Nazi Colonel in command of the German Army was once a school acquaintance of a local dignitary, Doctor Gurameto. In the town square, Colonel von Schwabe greets his former classmate warmly; in return, Doctor Gurameto invites him to dinner. The very next day, the Colonel and his army disappear from the city. The dinner at Gurameto's house changes the course of events in twentieth-century Europe. But as the citizens celebrate their hero, a conspiracy surfaces which leads some to place Gurameto, and the stone city, at the heart of a plot to undermine Socialism. Ismail Kadare is Albania's best-known poet and novelist. Translations of his novels, which include *The Siege*, *The Successor*, *Chronicle in Stone* and *The Accident*, have been published in more than forty countries. In 2005 he became the first winner of the Man Booker International Prize. textpublishing.com.au 'One of the most important voices in literature today.' *Metro* 'One of the world's greatest living writers.' Simon Sebag Montefiore 'There are very few writers alive today with the depth, power and resonance of this remarkable novelist.' *Herald* 'The Fall of the Stone City is a

Kafkaesque nightmare, an incredibly powerful tale of historical drama and human tragedy. Lovers of great literature should feast on a book like this, devouring the story and despairing when there are simply no more pages to turn.' Weekend Bookworm, ABC Radio Brisbane 'European grand master Ismail Kadare, that wizard of the sinister, beguiles with yet another dark fable...this epic novella packs a huge - both hugely entertaining and thought-provoking - punch.' Sunday Star Times

It ' s the late 1940s in Skopje, Yugoslavia, in the critical year leading to Tito ' s break with Stalin. Pushed to leave mountain villages to become the new proletariat in urban factories, a flood of peasants crowds into Skopje—and with them, all of their goats. Suffering from hunger, Skopje ' s citizens welcome the newcomers. But municipal leaders are faced with a dilemma when the central government issues an order calling for the slaughter of the country ' s goat population. With food so scarce, will they hide the outlawed animals? Or will they comply with the edict and endure the bite of hunger? The Time of the Goats is the second novel in Luan Starova ' s acclaimed multivolume Balkan saga. It follows the main characters from My Father ' s Books and the tragicomic events of their lives in Skopje as the narrator ' s intellectual father and the head goatherd become friends. As local officials clumsily carry out absurd policies, Starova conveys the bonds of understanding and mutual support that form in Skopje ' s poorest neighborhoods. At once historical and allegorical, folkloric and fantastic, The Time of the Goats draws lyrically on Starova ' s own childhood.

Masterful in its simplicity, *Chronicle in Stone* is a touching coming-of-age story and a testament to the perseverance of the human spirit. Surrounded by the magic of beautiful women and literature, a boy must endure the deprivations of war as he suffers the hardships of growing up. His sleepy country has just thrown off centuries of tyranny, but new waves of domination inundate his city. Through the boy's eyes, we see the terrors of World War II as he witnesses fascist invasions, allied bombings, partisan infighting, and the many faces of human cruelty—as well as the simple pleasures of life. Evacuating to the countryside, he expects to find an ideal world full of extraordinary things, but discovers instead an archaic backwater where a severed arm becomes a talisman and deflowered girls mysteriously vanish. Woven between the chapters of the boy's story are tantalizing fragments of the city's history. As the devastation mounts, the fragments lose coherence, and we perceive firsthand how the violence of war destroys more than just buildings and bridges.

As violence and turmoil continue to define the former Yugoslavia, basic questions remain unanswered: What are the forces behind the Serbian expansionist drive that has brought death and destruction to Croatia, Bosnia and Herzegovina, and Kosovo? How did the Serbs rationalize, and rally support for, this genocidal activity? Heavenly Serbia traces Serbia's nationalist and expansionist impulses to the legendary battle of Kosovo in 1389. Anzulovic shows how the myth of "Heavenly Serbia" developed to help the Serbs endure foreign domination, explaining their military defeat and the loss of their medieval state by emphasizing their

own moral superiority over military victory. Heavenly Serbia shows how this myth resulted in an aggressive nationalist ideology which has triumphed in the late twentieth century and marginalized those Serbs who strive for the establishment of a civil society. "Modern Serbian nationalism...and its contradictory connections...have been sources of considerable scholarly interest...Branimir Anzulovic's compendium is a good example of the genre, made all the more useful by Anzulovic's excellent command of the literature."

In *The Spirit Level*, as ever with Seamus Heaney, personal memory and humble domestic objects -- a whitewash brush, a sofa, a swing -- are endowed with talismanic significance, and throughout the collection he addresses his growing concerns, which inevitably include the political situation in his native Northern Ireland, in a poetry that never ceases to be fluid, alert, and completely truthful.

From Ismail Kadare, winner of the inaugural Man Booker International Prize – a novelist in the class of Coetzee, Pamuk, Márquez, and Rushdie – the stunning new translation of one of his major works. In the early fifteenth century, as winter falls away, the people of

Albania know that their fate is sealed. They have refused to negotiate with the Ottoman Empire, and war is now inevitable. Soon enough, dust kicked up by Turkish horses is spotted from a citadel. Brightly coloured banners, hastily constructed minarets, and tens of thousands of men fill the plain below. From this moment on, the world is waiting to hear that the fortress has fallen. The Siege tells the enthralling story of the weeks and months that follow – of the exhilaration and despair of the battlefield, the constantly shifting strategies of war, and those whose lives are held in the balance, from the Pasha himself to the artillerymen, astrologer, blind poet, and harem of women who accompany him. "Believe me," the general said. "I ' ve taken part in many sieges but this," he waved towards the castle walls, "is where the most fearful carnage of our times will take place. And you surely know as well as I do that great massacres always give birth to great books. You really do have an opportunity to write a thundering chronicle redolent with pitch and blood, and it will be utterly different from the graceful whines composed at the fireside by squealers who never went to war." Brilliantly vivid, as insightful as it is compelling, The Siege is an unforgettable account of the clash of two great civilisations, and a portrait of war that will resonate across the centuries.
