This timely book provides a focused approach for developing a challenging yet vital and necessary area for professional success in health care practitioners -- the development of professional behaviors. It addresses the essential elements that are necessary to perform professionally in society, such as

Bookmark File

dependability,
professional
presentation, initiative,
empathy, and
cooperation. These
behaviors are developed
through the recognition
of skills, practice,
experience, role
mentorship, and
evaluative feedback.

The issues of
professional behavior
are directed specifically
