The off-road Nissan Patrol operates from 1951 as a pick-up or station wagon and first got its name only 1960. The car was known in Japan under the name Nissan Safari until 1980. The models always had leaf springs until 1980 and were for the first time completely fitted with coil springs only in 1988. Further on, the components of this typical and classical off-road vehicle were different ...

The UN-supported Principles for Responsible Investment initiative has led to around a third of the world's financial assets being managed with a commitment to invest in a way that considers environmental, social or governance (ESG) criteria. The responsible investment trend has increased dramatically since the global financial crisis, yet understanding of this field remains at an early stage. This handbook provides an atlas of current practice in the field of responsible investment. With a large global team of expert contributors, the book explores the impact of responsible investment on key financial actors ranging from mainstream asset managers to religious organizations. Offering students and researchers a comprehensive introduction to current scholarship and international structures in the expanding discipline of responsible investment, this handbook is vital reading across the fields of finance, economics and accounting.

For fans of smart romantic comedies, this is a clever Cinderella story with a tech twist. When Public Corporation, a giant tech company, announces a contest for the best app developed by a high school student—with \$200,000 in prize money—computer whiz Audrey McCarthy is all in. Audrey's been searching for her one ticket out of town ever since her dad died and her best friend, perfect and popular Blake Dawkins, turned into her worst nightmare—and this scholarship may be it. Audrey comes up with

an idea so simple, yet so brilliant, she can't believe it hasn't been done before: the Boyfriend App. With a simple touch of the screen, romance blooms among the unlikeliest couples at school—and people start to take notice. But it's not quite enough. To beat out the competition, Audrey will have to dig deeper—right into a scandal that would rock Public to its core. Launched into unexpected fame and passionately kissed by the hottest guys in school, Audrey finds that her invention has thrown her life into complete chaos . . . but can it bring her true love?
