Measuring the progress that a child is making toward his or her stated annual goals is an essential part of the special educational process, because it gives the IEP team concrete evidence as to whether the individualized program as designed by that team is actually effective or whether adjustments to services or instruction need to be made.

Aimed at parents of and advocates for special needs children, explains how to develop a relationship with a school, monitor a child's progress, understand relevant legislation, and document correspondence and conversations.

This compact yet comprehensive guide provides K-12 educators of students who receive special education services with a brief overview of the purpose and essential elements of an individualized education program (IEP), along with adaptations, interventions, and supports to incorporate into the IEP as part of specially designed instruction (SDI). It includes a framework for step-by-step planning as well as sample IEP lesson plans for students at various grade levels that demonstrate how specially designed instruction connects to students' IEPs to help them meet individual goals. This resource will help IEP teams develop IEP goals and objectives that are ambitious and aligned with the K-12 general education curriculum to ensure students with disabilities are included and prepared for postsecondary options. It includes an IEP Collaborative Planner that lists an extensive menu of daily/weekly instructional strategies and interventions, along with progress monitoring and curriculum-based assessments. Access to more detailed downloadable forms is provided to help teachers put ideas into action.

Building Social Relationships addresses the need for social skills programming for children and adolescents with autism spectrum disorders and other social difficulties by providing a comprehensive model that incorporates the following five steps: assess social functioning, distinguish between skill acquisition and performance deficits, select intervention strategies, implement intervention, and evaluate and monitor progress. The model describes how to organize and make sense of the myriad social skills strategies and resources available to parents and professionals. It is not meant to replace other resources or strategies, but to synthesize them into one comprehensive program.

Fountas & Pinnell Leveled Literacy Intervention (LLI) is a powerful early intervention system that can change the path of a student's journey to literacy. The LLI Orange System is specifically targeted at Foundation/Kindergarten students. Please note the program guide is not suitable for educators who have not yet purchased an LLI Orange System. This component is only available separately so that schools with the LLI Orange System can purchase additional copies of the program guide if they require. Find out more about the Fountas & Pinnell LLI System at [www.pearson.com.au/primary/LLI](http://www.pearson.com.au/primary/LLI)

This bestselling book has been used in schools across the country to establish efficient and cost-effective systems of Tier II positive behavior support. The Behavior Education Program (BEP) was developed for the approximately 10-15% of students who fail to meet schoolwide disciplinary expectations but do not yet require intensive, individualized services. Clear, step-by-step guidelines are provided for implementing the approach, which incorporates daily behavioral feedback, positive adult attention, and increased home-school collaboration. In a large-size format with lay-flat binding to facilitate photocopying, the book includes reproducible daily progress reports, handouts, and planning tools. Purchasers also get access to a Web page where they can download and print the reproducible materials. This book is in The Guilford Practical Intervention in the Schools Series, edited by T. Chris Riley-Tillman.
