Recipe for Spider Pie: blend 2 cups of dark humor with a healthy dash of oddity, add a pinch of ground freak's ear and 2 tsp of secret desires. Bake until your neighbors start complaning about the smell. In her debut book Alyssa Sturgill firmly establishes herself as the enfant terrible of contemporary surrealism. Laden with gothic horror sensibilities, Spider Pie is a one-way trip down a rabbit hole inhabited by sexual deviants and friendly monsters, fairytale beginnings and hideous endings.

Blood-stained highways weave through the tapestry of a changing world. Water swallows entire towns while the forests take back the land. The human population of earth has diminished to levels unknown. Everything is eerily quiet, so silent that even the faintest snapping of a twig in the distance arouses suspicion. Abandoned vehicles, shuttered houses, and emptied rail cars all offer temporary refuge from the elements of nature but provide no guarantee against the forces of others who may still be lingering... And so Mead, a young man left alone to face a cruel and uncertain future; armed with a 9mm, backpack, and his own distinct code, searches for meaning beyond mere survival. What he discovers on his perilous journey asks as many questions as it answers.

The itsy bitsy bunny is ready for an Easter adventure as he tries to deliver the best Easter ever. A bouncy twist on the classic nursery rhyme The Itsy Bitsy Spider.

Phillip Done fixes staplers that won't staple, zippers that won't zip, and pokes pins in the caps of glue bottles that will not pour. He has sung "Happy Birthday" 657 times. A witness to the joys of discovery, Done inspires readers with the everyday adventures and milestones of his 32 third graders in this irresistible collection of bite-sized essays. From the nervous first day of school to the hectic Halloween parade to the disastrous spring musical, Done connects what happens in his classroom to the universal truths that touch us all. He reminds us of the delight of learning something for the first time and of the value of making a difference. 32 Third Graders and One Class Bunny is for anyone who has ever taught children -- or been to third grade. It is a testament to the kids who uplift us -- and the teachers we will never forget. With just the right mix of humor and wisdom, Done reveals the enduring promise of elementary school as a powerful antidote to the cynicism of our times.

The authors ability to write these stories comes from his ability to tap into his “inner child” plus years of working in the floral business and making” very special”, floral/toy/candy arrangements for extremely sick children in the local Children’s hospital. Every chapter in the book tells a delightful story about a family of bunnies named Bobby, Betsey, Ribbit, Chubby, Lefty, Mitzie and Bitsey and their amusing escapades with other bunnies and animals. Each of which expand the readers imagination and insight into the world of different creatures. Each story teaches a moral lesson.

Another beautiful mind gives us a rare opportunity to experience the torments of hallucinations, delusions and anxieties a biochemical brain disorder can bring. In her most recent book, ALONG CAME A SPIDER: A PERSONAL LOOK AT MADNESS, author Maryanne Raphael shares with us her intimate feelings, deepest pain, and eventual recovery. Her words are not the usual definitions and descriptions found in mental health literature, but those of a lifelong journal keeper as she endures hospitalizations and the periods in between. She shows the universality of mental illness as she keeps writing through her crises in Brazil, Morocco, New York, California and Hawaii. And finally she gives us hope that those who suffer from a mental illness can live a stable, productive life. From her home base in Carlsbad, CA., Maryanne now travels the globe, continues her writing career and is an inspiration to all. "Jon Swift + Witches of Eastwick + Kelly 'Get In Trouble' Link + Mean Girls + Creative Writing Degree Hell! No punches pulled, no hilarities dodged, no meme unmangled! O Bunny you are sooo genius!" -Margaret Atwood, via Twitter "A wild, audacious and ultimately unforgettable novel." -Michael Schaub, Los Angeles Times "Awad is a stone-cold genius." -Ann Bauer, The Washington Post The Vegetarian meets Heathers in this darkly funny, seductively strange novel from the acclaimed author of 13 Ways of Looking at a Fat Girl "We were just these innocent girls in the night trying to make something beautiful. We nearly died. We very nearly did, didn't we?" Samantha Heather Mackey couldn't be more of an outsider in her small, highly selective MFA program at New England's Warren University. A scholarship student who prefers the company of her dark imagination to that of most people, she is utterly repelled by the rest of her fiction writing cohort--a clique of unbearably twee rich girls who call each other "Bunny," and seem to move and speak as one. But everything changes when Samantha receives an invitation to the Bunnies' fabled "Smut Salon," and finds herself inexplicably drawn to their front door--ditching her only friend, Ava, in the process. As Samantha plunges deeper and deeper into the Bunnies' sinister yet saccharine world, beginning to take part in the ritualistic off-campus "Workshop" where they conjure their monstrous creations, the edges of reality begin to blur. Soon, her friendships with Ava and the Bunnies will be brought into deadly collision. The spellbinding new novel from one of our most fearless chroniclers of the female experience, Bunny is a down-the-rabbit-hole tale of loneliness and belonging, friendship and desire, and the fantastic and terrible power of the imagination.
