Get the Complete Answers to Your Appropriations Law Questions Scrutiny of the use of federal funds—and the people handling those funds—has never been greater. Yet federal personnel often don't know all the rules. What might seem like a logical, efficient action could very well be illegal. Now, there is an easy-to-use, straightforward guide to help everyone involved with appropriated funds. The Appropriations Law Answer Book: A Q&A Guide to Fiscal Law is the “go-to” resource for answers to fiscal law questions that arise in the federal workplace. This book condenses the content of the 2,000+ page Government Accountability Office's Principles of Federal Appropriations Law (the “Redbook”), providing a pertinent and usable resource for everyone who has responsibility for federal funds. Arranged in question-and-answer format, this concise book covers the questions that most often surface in agencies. Subject area groupings make finding the right answer quick and clear. Coverage includes critical information on: □ How to prevent violations of the Antideficiency Act □ Obligation of appropriations □ Intragovernmental transactions, grants and agreements □ Nonappropriated fund instruments Even personnel with the purest of intentions can run afoul of the many laws, rules, regulations, and decisions that govern the proper use of government funds. Don't be one of them. Get the resource you can trust: The Appropriations Law Answer Book. Plus! The book also includes a handy glossary. Contents □ Overview of Appropriations Law □ Purpose □ Time □ Amount (The Antideficiency Act) □ Obligation of Appropriations □ Intragovernmental Transactions □ Continuing Resolutions □ Accountability and Liability of Individuals □ Grants and Agreements □ Nonappropriated Fund Instrumentalities □ Can Your Agency Use Appropriated Funds for Meals and Light Refreshments? □ Glossary About the Author William G. Arnold, CDFM-A, author of The Antideficiency Act Answer Book, Performance Budgeting—What Works, What Doesn't, and The Prompt Payment Act Answer Book, worked with the Department of Defense for 34 years, over 25 of which he spent in financial management. He has held positions as budget officer, director of resource management, director of disbursing, and entitlements director with the Air Force and the Defense Finance and Accounting Service.

Concise discussion of Federal Appropriations Law as it applies to contracts and grants awarded by the United States Government. The book covers all aspects of Appropriations Law as it pertains to contracts and grants, and contains hundreds of case abstracts and links to cases adjudicated by the Federal courts or by the General Accountability Office. The book is presented in Question and Answer format, with points illustrated and clarified through the analysis of hundreds of real and fictional cases. While there are a few books in print that address Appropriations Law, this is the only one that concentrates solely on contracts and grants. It is most useful to professionals engaged in the award and administration of federal contracts and grants, whether from the Government's perspective or the recipient's.

This guide offers sound and easy-to-apply advice to help government managers deal with appropriated funds properly and legally. It follows the organization of the Redbook, the Government Accountability Office's 2,000+ page Principles of Federal Appropriations Law. Government purchase card holders and approvers will find this book especially helpful in understanding the common risks that arise and how to avoid violating the myriad rules and regulations involved.

It is not uncommon for white suburban youths to perform rap music, for New York fashion designers to ransack the world's closets for inspiration, or for Euro-American authors to adopt the voice of a geisha or shaman. But who really owns these art forms? Is it the community in which they were originally generated, or the culture that has absorbed them? While claims of authenticity or quality may prompt some consumers to seek cultural products at their source, the communities of origin are generally unable to exclude copyists through legal action. Like other works of unincorporated group authorship, cultural products lack protection under our system of intellectual property law. But is this legal vacuum an injustice, the lifeblood of American culture, a historical oversight, a result of administrative incapacity, or all of the above? *Who Owns Culture?* offers the first comprehensive analysis of cultural authorship and appropriation within American law. From indigenous art to Linux, Susan Scafidi takes the reader on a tour of the no-man's-land between law and culture, pausing to ask: What prompts us to offer legal protection to works of literature, but not folklore? What does it mean for a creation to belong to a community, especially a diffuse or fractured one? And is our national culture the product of Yankee ingenuity or cultural kleptomania? Providing new insights to communal authorship, cultural appropriation, intellectual property law, and the formation of American culture, this innovative and accessible guide greatly enriches future legal understanding of cultural production.

Quick Reference to Federal Appropriations Law, Third Edition, is your desktop guide to the fundamentals of federal appropriations law. No longer will you need to sort through thousands of pages to find the answers you need - this valuable reference explains the core appropriations laws in a condensed and accessible format.
