### Mother Tongue: The Story of the English Language: Amazon ...

Mother Tongue: The English Language, by Bill Bryson, London: Penguin Books, 1990 (link is to a different, in-print edition). Summary: This amusing and informative book surveys the history of the English language and all its vagaries and perplexities of word origins, spellings, and pronunciations and why it has become so successful as a world language .

### The Mother Tongue: English and How It Got That Way by Bill ...

I bought this book as I'm a fan of Bill Bryson's writing and I find language an interesting subject. It's all about how English came to be the way it is and why it's one of the most used languages. Unfortunately, it's not about English English, but American English. The two are quite different, as is pointed out several times in the book.

### The Mother Tongue: Amazon.co.uk: Bryson, Bill ...

Bill Bryson's Mother Tongue is a hymn to the English language. In examining how a second-rate, mongrel tongue came to be the undisputed language of the globe, Bryson explores English from America to Australia and looks at, among other things, swearing, spelling, spoonerisms and Scrabble.

### The Mother Tongue by Bill Bryson - AbeBooks

### The Mother Tongue - Wikipedia

With dazzling wit and astonishing insight, Bill Bryson--the acclaimed author of The Lost Continent--brilliantly explores the remarkable history, eccentricities, resilience and sheer fun of the English language. From the first descent of the larynx into the throat (why you can talk but your dog can't), to the fine lost art of swearing, Bryson tells the fascinating, often uproarious story of an inadequate, second-rate tongue of peasants that developed into one of the world's largest growth ...

### The Mother Tongue: English and How it Got that Way eBook ...

Certainly not this grammar-allergic reviewer, but The Mother Tongue pulls it off admirably. Bill Bryson--a zealot--is the right man for the job. Bill Bryson--a zealot--is the right man for the job. Who else could rhapsodize about "the colorless murmur of the schwa" with a straight face?

The author of the acclaimed The Lost Continent now steers us through the quirks and byways of the English language. We learn why island, freight, and colonel are spelled in such unphonetic ways, why four has a u in it but forty doesn't, plus bizarre and enlightening facts about some of the patriarchs of this peculiar language.

With dazzling wit and astonishing insight, Bill Bryson—the acclaimed author of The Lost Continent—brilliantly explores the remarkable history, eccentricities, resilience and sheer fun of the English language. From the first descent of the larynx into the throat (why you can talk but your dog can't), to the fine lost art of swearing, Bryson tells the fascinating, often uproarious story of an inadequate, second-rate tongue of peasants that developed into one of the world's largest growth industries.

Bill Bryson, bestselling author of The Mother Tongue, now celebrates its magnificent offspring in the book that reveals once and for all how a dusty western hamlet with neither woods nor holly came to be known as Hollywood . . . and exactly why Mr. Yankee Doodle called his befeathered cap "Macaroni."

In Mother Tongue, Christine Gilbert shows us what it's like to make a life in an unfamiliar world - and in an unfamiliar tongue. Gilbert was a young mother when she boldly uprooted her family to move around the world, studying Mandarin in China, Arabic in Lebanon, and Spanish in Mexico, with her toddler son and all-American husband along for the ride. Their story takes us from Beijing to Beirut, from Cyprus to Chiang Mai, and explores recent breakthroughs in bilingual brain mapping and the controversial debates happening in linguistics right now.

"A funny and fact-filled look at our astoundingly inconsistent written language, from Shakespeare to spell-check." —St. Petersburg Times David Wolman explores seven hundred years of trial, error, and reform that have made the history of English spelling a jumbled and fascinating mess. In Righting the Mother Tongue, the author of A Left-Hand Turn Around the World brings us the tangled story of English Spelling, from Olde English to email. Utterly captivating, deliciously edifying, and extremely witty, Righting the Mother Tongue is a treat for the language lover—a book that belongs in every personal library, right next to Eats, Shoots, and Leaves, and the works of Bill Bryson and Simon Winchester.

Based on the shocking Beslan school siege in 2004, this is a brave and necessary story about grief, resilience, and finding your voice in the aftermath of tragedy. On the day she brings her sweet little sister, Nika, to school for the first time, eighteen-year-old Darya has already been taking care of her family for years. But a joyous September morning shifts in an instant when Darya's rural Russian town is attacked by terrorists. While Darya manages to escape, Nika is one of hundreds of children taken hostage in the school in what stretches to a three-day siege and ends in violence. In the confusion and horror that follow, Darya and her family frantically scour hospitals and survivor lists in hopes that Nika has somehow survived. And as journalists and foreign aid workers descend on her small town, Darya is caught in the grip of grief and trauma, trying to recover her life and wondering if there is any hope for her future. From acclaimed author Julie Mayhew comes a difficult but powerful narrative about pain, purpose, and healing in the wake of senseless terror.

A probing and poetic examination of language, food, faith, and family attachment in Italian life through the eyes of an American who moved to Parma with her husband and family. In the 1980s, the American writer Wallis Wilde-Menzozi moved permanently with her Italian husband and her daughter to Parma, a sophisticated city in northern Italy, where he became a professor of biology. Her search for rootedness in the city that was to be her home introduced her to complexities in her identity as she migrated into another language and looked for links beyond the joys of Verdi, Correggio, and Parmesan cheese, which visitors have rightly extolled for centuries. The local resistance to change perceived as individualistic led Wilde-Menzozi to explore the pull and challenge of difference and discover the backbone she needed for artistic freedom. In Mother Tongue, Wilde-Menzozi offers stories of far-sighted lives, remarkable Parma men and remarkable women, including the Renaissance abbess Giovanna Piacenza, the fighting Donella Rossi Sanvitale, and her own indefatigable mother-in-law. Framed with a new introduction by the author, and a new foreword by Patricia Hampl, this classic on diversity and tolerance, family, faith, and food in Italy and the United States is at once timeless and timely, a "large, beautiful window into the intelligent, literate, reflective life of Italy" (Shirley Hazzard).
