world history. We start at the beginning—Creation—and follow a timeline of history to its end—Consummation. The Seven C's are:

- Creation: In the beginning—about 6,000 years

CLIENT, CLARIFY, CREATE, CHANGE, CONFIRM, CONTINUE, CLOSE = THE SEVEN SECRETS OF CONSULTANCY "Most change methods are effective. For the most part, each one is theoretically sound, well-researched, and clearly articulated. But when they're put in

## Get Free The Seven C S Of Effective Communication

organizations, they fail-at least 70 to 80% of the time". George Smart, Managing Partner, Strategic Development Incorporated The definition of a consultant is someone who facilitates organisational change and provides expertise on technical, functional and business topics during development or implementation. In other words a consultant is someone who helps others to change. However, change isn't such an easy target to achieve. Research shows that the vast majority of change programmes fail. On a daily basis we hear about projects that are delayed, cancelled, over budget or boycotted

## Get Free The Seven C S Of Effective Communication

by the end user. The problem is that we can never force people to change - remember the backlash against Jamie Oliver's healthy school meals campaign where parents handed junk food to their children through school fences. The key to successful change is to engage with the end user and help them want to change. The Seven Cs of Consulting offers a consistent and collaborative language that helps both consultant and client deliver value through sustainable change. Based around the author's highly successful 7Cs model (Client, Clarify, Create, Change, Confirm, Continue, Close) this approach is

## Get Free The Seven C S Of Effective Communication

simple and accessible but firmly grounded in research and real life experience. The 7Cs approach opens up the complexity of sustainable change to the consultant and client and helps them explore- and then avoid - the real issues that cause change to fail within a more professional and trusting relationship.

Packed with tools and techniques that ensure each stage of the framework is understood by both coach and client, and completed successfully. The Seven Cs of Coaching provides a unique and easily personalized

## Get Free The Seven C S Of Effective Communication

guide to the whole process.

Stress is like a balloon. When one inflates the balloon enough to stretch its membrane to the point at which it resembles a sphere, oval, or whatever shape it is designed to have, it loses that limpness which it originally possessed. This is stress. The same amount of pressure that it takes to inflate a paper bag would still demonstrate the existence of observable stress. The level of stress that is observed in an inflated paper bag or in an equally inflated balloon is actually a "good" type of stress. In the

## Get Free The Seven C S Of Effective Communication

balloon example, even though the balloon is inflated, the rubber membrane has so much "give" or "flexibility" that you can actually squeeze it firmly without the balloon bursting. This level of stress is actually more desirable than the absence of stress. Interpersonal Communication specialists call this desirable stress "eustress." In everyday life, we notice times when we are in need of eustress. Although some stress is enjoyable, too much stress can be experienced negatively. Consider the balloon discussed earlier. when it is inflated further, it is less accommodating to poking and prodding.

## Get Free The Seven C S Of Effective Communication

Even with this medium-inflation, however, it would take strong prodding to cause it to burst. This is called "managing stress." When humans, in a similar state, feel less willing to "give" in to pokes and become more "rigid" in their attitudes, they are frequently experiencing heightened stress in their lives. Taking the process of inflation to the limit, we envision a balloon that has become so stretched to contain the air pressure that it can be stretched no further. This is called "distress." At this stage, even the lightest finger poke will produce an explosion. In human terms, we have all

## Get Free The Seven C S Of Effective Communication

witnessed occasions when an unsuspecting-but-benign individual "teases" a friend in a gentle way. Suddenly, the "teased" one explodes in a vituperative fury! Clearly, having zero stress is not an option for humans. We crave some level of stress. On the other hand, having too much stress is not acceptable either. The secret to human happiness as it regards stress is to constantly maintain some medium level of inflation in the balloon. If there are times in which more stress is desirable, it is useful to know how to add stress--how to inflate the balloon by finding stressors. If

## Get Free The Seven C S Of Effective Communication

there are times in which less stress is desirable, we need to be aware of the available "relief valves"--the ways in which the balloon may be deflated. It is expedient for all to be aware of the seven basic stressors and their corresponding relief valves. As a mnemonic device, Lindsay uses alliteration. Each stressor begins with the letter "C." If you are a good navigator and chart your course using the information that this book provides, you can successfully "sail the Seven C's of Stress!" Lindsay metaphorically takes the reader through seven Cs of stress much as a captain successfully

## Get Free The Seven C S Of Effective Communication

navigates a voyage at sea. He groups the stressors into seven categories of stress: Corporal (stress of the body), Community (stress experienced when dealing with other people), Cash (stress concerning how to handle money wisely), Chrono (stress dealing with managing time), Competence (stress dealing with questions about one's ability to perform a task), Confusion (stress pertaining to decision-making and other situations in which one feels lost), and Conscientious (stress concerning morality). An easy way to remember these seven Cs is the mnemonic: "Common Corp: Time is Money!" Notice that the

## Get Free The Seven C S Of Effective Communication

word "common" starts with "com," but has 2 M's. Use this to remember that 2 of the 7 Cs begin with "com" (Community and Competence). Then, notice that the 2nd part of "common" is the syllable "on." Use this to remember that 2 of the 7 Cs begin with "con" (Confusion and Conscientious). The second word in the mnemonic is "Corp." This easily reminds you of the 5th of the 7 Cs (Corporal). The phrase "Time is Money" reminds you of the final two of the 7 Cs (Chrono and Cash).

The first edition of 7Cs has established itself firmly as the only complete and

their own winning team.

With insight, humor, and down-to-earth parables, a dynamic Notre Dame professor distills the wisdom of the ages into seven core requirements for sustainable personal success.

NATIONAL BESTSELLER "A must read for serious leaders at every level." –General Barry R. McCaffrey (Ret.) The FBI's former head of counterintelligence reveals the Bureau's field-tested playbook for unlocking individual and organizational excellence

## Get Free The Seven C S Of Effective Communication

Frank Figliuzzi was the "Keeper of the Code," appointed the FBI's Chief Inspector by then-Director Robert Mueller. Charged with overseeing sensitive internal inquiries and performance audits, he ensured each employee met the Bureau's exacting standards. Now, drawing on his distinguished career, Figliuzzi reveals how the Bureau achieves its extraordinary track record of excellence—from the training of new recruits in "The FBI Way" to the Bureau's rigorous maintenance of its standards up and down the organization. All good codes of conduct have one common trait: they reflect the core values of an

## Get Free The Seven C S Of Effective Communication

organization. Individuals, companies, schools, teams, or any group seeking to codify their rules to live by must first establish core values. Figliuzzi has condensed the Bureau's process of preserving and protecting its values into what he calls "The Seven C's". If you can adapt the concepts of Code, Conservancy, Clarity, Consequences, Compassion, Credibility, and Consistency, you can instill and preserve your values against all threats, internal and external. This is how the FBI does it. Figliuzzi's role in the FBI gave him a unique opportunity to study patterns of conduct

## Get Free The Seven C S Of Effective Communication

among high-achieving, ethical individuals and draw conclusions about why, when and how good people sometimes do bad things. Unafraid to identify FBI execs who erred, he cites them as the exceptions that prove the rule. Part pulse-pounding memoir, part practical playbook for excellence, *The FBI Way* shows readers how to apply the lessons he's learned to their own lives: in business, management, and personal development.

*The Seven Cs of Happiness* is a book about achievement of long lasting and meaningful happiness. It shows how all of us can use

## Get Free The Seven C S Of Effective Communication

common sense and moderation to be happy. It will help you understand happiness and provide a useful guide, not an answer, to a happy and successful life. It is not prescriptive, nor is it based on any of the old time religions, new age theories, Freudian principles, or other popular or esoteric doctrines. If anything, two underlying premises the book follows are; common sense and moderation. Part I explains the meaning of happiness and how it relates to our lives. It paves a way to a better understanding of the role of happiness in life. In addition, steps are laid out to

## Get Free The Seven C S Of Effective Communication

focus and coordinate our goals, desires, and wishes to create a meaningful life. Part II provides how the seven Cs (Commitment, Communication, Contentment, Character, Courage, Compassion, Compromise), may be used to help us become happy. These seven elements of a happy life have been written and talked about throughout the history of mankind. In fact, one may say that the basis of these Cs is the most important C of them all, Common Sense. Although each of the elements is discussed separately, all of them, to some degree, are necessary for the pursuit of happiness. The seven Cs are easy to

## Get Free The Seven C S Of Effective Communication

understand, although a little more difficult to live by , as they are inter-related in the application to our daily lives. The chapters in Part II are not arranged in any order of importance. Not a single C is sufficient for all your needs, nor are all the Cs needed at all the time. Depending on an individuals priorities and needs, for a specific situation, significance and application of the elements will be very different. So, there are situations where Compromise may be of more value than Commitment. People of all occupations, from the president of a large corporation to the layman in the street ,

## Get Free The Seven C S Of Effective Communication

from a housewife to a young man in college, should be able to benefit from this book.

This book provides a framework to help businesses successfully trade through the recession. it sets out the seven principles (7Cs) of business recovery devised by the author based on his own experience in the area of corporate business recovery.
