The World According to Garp has many plotlines, including the struggle of becoming an artist (and the ambivalence many artists feel about whether it is a meaningful or worthy pursuit at all), the deconstruction of traditional gender roles within families, infidelity, sexual violence, and death.

Now available as an ebook for the first time ever in America, the bestselling coming-of-age classic novel by John Irving—the 40th anniversary edition with a new introduction by the author. “He is more than popular. He is a Populist, determined to keep alive the Dickensian tradition that revels in colorful set pieces...and teaches moral lessons.”—The New York Times The opening sentence of John Irving’s breakout novel *The World According to Garp* signals the start of sexual violence, which becomes increasingly political. “Garp’s mother, Jenny Fields, was arrested in Boston in 1942 for wounding a man in a movie theater.” Jenny is an unmarried nurse; she becomes a single mom and a feminist leader, beloved but polarizing. Her son, Garp, is less beloved, but no less polarizing. From the tragicomic tone of its first sentence to its mordantly funny last line—“we are all terminal cases”—*The World According to Garp* maintains a breakneck pace. The subject of sexual hatred—of intolerance of sexual minorities and differences—runs the gamut of “lunacy and sorrow.” Winner of the National Book Award, *Garp* is a comedy with forebodings of doom. In more than thirty languages, in more than forty countries—with more than ten million copies in print—*Garp* is the precursor of John Irving’s later protest novels.

This is the life and times of T. S. Garp, the bastard son of Jenny Fields - a feminist leader ahead of her times. It is also the life and death of a famous mother and her almost-famous son; theirs is a world of sexual extremes - even of sexual assassinations. It is a novel rich with 'lunacy and sorrow'; yet the dark, violent events of the story do not undermine a comedy both ribald and robust. It provides almost cheerful, even hilarious evidence of its famous last line: "In the world according to Garp, we are all terminal cases."

'Like all extraordinary books, *The World According to Garp* defies synopsis', wrote the Chicago Sun Times when *Garp* was first published in 1978. It is a marvellous, important, permanent novel by a serious artist of remarkable powers. *Garp* is a book that captivates all who read it. Peopled with the most extraordinary characters you will ever meet, here is a novel that will make you laugh, make you weep, and, above all, make you think.

Winner of the National Book Award "Nothing in contemporary fiction matches it." --The New Republic "Wonderful . . . full of energy and art, at once funny and horrifying and heartbreaking." --Washington Post Powerful and political, with unforgettable characters and timeless themes, *The World According to Garp* is John Irving's breakout novel. The precursor of Irving's later protest novels, it is the story of Jenny, an unmarried nurse who becomes a single mom and a feminist leader, beloved but polarizing--and of her son, Garp, less beloved but no less polarizing. From the tragicomic tone of its first sentence to its mordantly funny last line--"we are all terminal cases"--*The World According to Garp* maintains a breakneck pace. "My dear boy, please don't put a label on me – don't make me a category before you get to know me!" John Irving's new novel is a glorious ode to sexual difference, a poignant story of a life that no reader will be able to forget, a book that no one else could have written. Told with the panache and assurance of a master storyteller, *In One Person* takes the reader along a dizzying path: from a private school in Vermont in the 1950s to the gay bars of Madrid's Chueca district, from the Vienna State Opera to the wrestling mat at the New York Athletic Club. It takes in the ways that cross-dressing passes from one generation to the next in a family, the trouble with amateur performances of Ibsen, and what happens if you fall in love at first sight while reading *Madame Bovary* on a troop transport ship, in the middle of an Atlantic storm. For the sheer pleasure of the tale, there is no writer alive as entertaining and enthralling as John Irving at his best. But this is also a heartfelt, intimate book about one person, a novelist named William Francis Dean. By his side as he tells his own story, we follow Billy on a fifty-year journey toward himself, meeting some uniquely unconventional characters along the way. For all his long and short relationships with both men and women, Billy remains somehow alone, never quite able to fit into society's neat categories. And as Billy searches for the truth about himself, *In One Person* grows into an unforgettable call for compassion in a world marked by failures of love and failures of understanding. Utterly contemporary and topical in its themes, *In One Person* is one of John Irving's most political novels. It is a book that grapples with the mysteries of identity and the multiple tragedies of the AIDS epidemic, a book about everything that has changed in our sexual life over the last fifty years and everything that still needs to. It's also one of Irving's most sincere and human novels, a book imbued on every page with a spirit of openness that expands and challenges the reader's world. A brand new story in a grand old tradition, *In One Person* stands out as one of John Irving's finest works – and as such, one of the best and most important American books of the last four decades.

"A significant novel, beautifully crafted and deeply felt. Beha creates a high bonfire of our era's vanities. . . . This is a novel to savor."- Colum McCann Through baseball, finance, media, and religion, Beha traces the passing of the torch from the old establishment to the new meritocracy, exploring how each generation's failure helped land us where we are today. What makes a life, Sam Waxworth sometimes wondered—self or circumstance? On the day Sam Waxworth arrives in New York to write for the *Interviewer*, a street-corner preacher declares that the world is coming to an end. A data journalist and recent media celebrity—he correctly forecast every outcome of the 2008 election—Sam knows a few things about predicting the future. But when projection meets reality, life gets complicated. His first assignment for the *Interviewer* is a profile of disgraced political columnist Frank Doyle, known to Sam for the sentimental works of baseball lore that first sparked his love of the game. When Sam meets Frank at Citi Field for the Mets' home opener, he finds himself unexpectedly ushered into Doyle's crumbling family empire. Kit, the matriarch, lost her investment bank to the financial crisis; Eddie, their son, hasn't been the same since his second combat tour in Iraq; Eddie's best friend from childhood, the

fantastically successful hedge funder Justin Price, is starting to see cracks in his spotless public image. And then there's Frank's daughter, Margo, with whom Sam becomes involved—just as his wife, Lucy, arrives from Wisconsin. While their lives seem inextricable, none of them know how close they are to losing everything, including each other. Sweeping in scope yet meticulous in its construction, *The Index of Self-Destructive Acts* is a remarkable family portrait and a masterful evocation of New York City and its institutions. Over the course of a single baseball season, Christopher Beha traces the passing of the torch from the old establishment to the new meritocracy, exploring how each generation's failure helped land us where we are today. Whether or not the world is ending, Beha's characters are all headed to apocalypses of their own making.

As we grow older - most of all, in what we remember and what we dream - we live in the past. Sometimes, we live more vividly in the past than in the present. As an older man, Juan Diego will take a trip to the Philippines, but his dreams and memories will travel with him; he is most alive in his childhood and early adolescence in Mexico. 'An aura of fate had marked him,' John Irving writes. 'The chain of events, the links in our lives - what leads us where we're going, the courses we follow to our ends, what we don't see coming, and what we do - all this can be mysterious, or simply unseen, or even obvious.'

John Irving's memoir describes the author's involvement (and lack thereof) in five of the films that have (and have not) been made from his nine novels. *My Movie Business* focuses primarily on the thirteen years Mr. Irving spent writing and rewriting his screenplay of *The Cider House Rules*, for four different directors. A Miramax production, the film was finally shot in the fall of 1998 directed by the Swedish director Lasse Hallström (*My Life as a Dog*), with Michael Caine in the role of Dr. Larch. *The Cider House Rules* is a November 1999 release. Mr. Irving also writes about the failed effort to make his first novel, *Setting Free the Bears*, into a movie; about two of the films that were made from his novels (but not from his screenplays), *The World According to Garp* and *The Hotel New Hampshire*; and about his ongoing struggle to shepherd his screenplay of *A Son of the Circus* into production. In addition to its qualities as a memoir - anecdotal, comic, affectionate, and candid - *My Movie Business* is an insightful essay on the essential differences between writing a novel and writing a screenplay. Never have the two forms of storytelling been so lucidly compared and contrasted; the details are memorable, the examples clarifying. *My Movie Business* includes photos by Stephen Vaughan, the still photographer on the film set of *The Cider House Rules*.

“Irving looks cunningly beyond the eye-catching gyrations of the mating dance to the morning-after implications.”—*The Washington Post* The darker vision and sexual ambiguities of this sensual, ironic tale about a ménage à quatre in a New England university town foreshadow those of *The World According to Garp*; but this very trim and precise novel is a marked departure from the author's generally robust, boisterous style. Though Mr. Irving's cool eye spares none of his foursome, he writes with genuine compassion for the sexual tests and illusions they perpetrate on each other; but the sexual intrigue between them demonstrates how even the kind can be ungenerous, and even the well-intentioned, destructive. “One of the most remarkable things about John Irving's first three novels, viewed from the vantage of *The World According to Garp*, is that they can be read as one extended fictional enterprise. . . . The 158-Pound Marriage is as lean and concentrated as a mine shaft.”—Terrence Des Pres “Deft, hard-hitting . . . What Irving demonstrates beautifully is that a one-to-one relationship is more demanding than a free-for-all.”—*The New York Times Book Review*
