The purpose of the Space Technical Data Report (STDR) is to familiarize personnel with the operation and service instructions for the Blockhouse Power Backup Battery Rack (52E230049) and the External Power Control and Monitor Backup Battery Rack (52E230058). The battery racks supply backup power for the Launch Control Center and spacecraft power supply systems. The STDR presents a description of the battery racks, their associated panels and their functions, and service instructions for preventive maintenance. (Author).

The XIIIth International and the VIIIth European Congress of Clinical Chemistry took place at the Netherlands Congress Centre in The Hague, from June 28th to July 3rd 1987. The Organizing Committee and the Scientific Committee for these combined congresses aimed to present the state-of-the-science as well as the state-of-the-art for those fields of clinical chemistry which show a strong progress and which will most probably inflict a great part of all clinical chemists. "Clinical Chemistry, an Overview" comprises almost all papers which were presented during the congress in 5 plenary lectures and 97 lectures during 24 symposia. The invited speakers, being experts in their fields of clinical chemistry, succeeded very well in presenting an overview over the newest developments in connection to the knowledge already known, thereby demonstrating the progress made in clinical chemistry during the last years. The Editors take great pleasure in thanking once more the members of the Scientific Committee and of the International Scientific Advisory Board in creating an excellent scientific programme for this congress. The Editors also take great pleasure in thanking all those whose efforts have made possible the publication of this book. We are most grateful to all speakers who also prepared a manuscript for publication. The Editors also appreciate the most helpful and encouraging attitude of Plenum Press Publishers Corporation.

An Updated and Revised Edition of the Most Popular General Knowledge Manual. FEATURES * Up-to-date, comprehensive and all purpose in approach * Includes a set of multiple-choice questions at the end of each section to test your understanding * Based on current trends in various examinations * National and international current affairs included
