provoking challenge to modern medical practice and research and is intended to encourage us to consider the way medicine is taught. Modern medical practices are driven by science, technology and consumerism, with the cost of treatment weighted in favour of the doctor rather than to the benefit of the patient. Dr. Hegde confronts the issue, and proposes an alternative humanistic attitude to education and treatment. Drawing on a huge range of resources from Sanskrit texts, Green and European philosophers, ancient and modern healers, to the most up to date Western research and publications - he has written a

call for doctors to attend to the whole person and listen deeply, rather than rush to assess a set of symptoms. And it's a letter that informs doctors of the many things that patients already know about themselves and their health. Engaging and candid, *Dear Doctor* covers the basics of how patients view their time with doctors, how they want doctors to collaborate on health issues, and even how patients bring their faith and spirituality to their view of their health and their bodies. Ultimately, this book is an important first step to begin a dialogue between two communities that often have a

a tough but exciting childhood. One of 11 children brought up in Portobello Road in the centre of London by hardworking and caring parents. My mum and dad were far from rich but they more than made up for that with the love they gave to each of us. In those days my idea of a treat was an Orange in my Xmas stocking and once a year if I was lucky a trip to the seaside. As time went on many of us children were bright enough to go to university but for us that was only a dream, what little money there was went into feeding and clothing the family and trying to keep up with the many other household bills.
